

Global Olympiad Center (GOC) and Spirit of Math Partner to Bring International Spirit of Math Contest to Azerbaijan

for 2025-26 School Year

North York, Ontario Oct 1, 2025 ([IssueWire.com](https://www.IssueWire.com)) - [Global Olympiad Center](#) (GOC) and [Spirit of Math](#) are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to Azerbaijan for the 2025-26 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give Azerbaijani students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we are dedicated to revolutionizing education for students everywhere," said [Kim Langen](#). "We are excited to support GOC in their mission to cultivate young talent and help students realize their greatest potential."

GOC is the official national organizer and representative of a wide range of prestigious international academic Olympiads in Azerbaijan, including mathematics, science, English, economics, and interdisciplinary competitions. Established in 2022, GOC has rapidly become a leading educational platform, engaging thousands of students annually and connecting them with global opportunities.

Today, GOC is recognized as the country's largest talent hub and the only academic institution with a dedicated volunteer network of young leaders supporting international projects. Through partnerships with ministries, universities, and international organizations, GOC promotes academic excellence, cultural exchange, and talent development.

Our mission is to introduce Azerbaijani youth and students to the world, opening new doors of opportunity, and empowering them with knowledge, skills, and global networks that prepare them for future success.

Through this new partnership with Spirit of Math, GOC continues its mission to unlock student potential and provides opportunities for them to shine on an international stage.

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get the personal satisfaction (and motivational boost) of tackling and conquering some of the hardest questions.

About Global Olympiad Center

The Global Olympiad Center is Azerbaijan's official national organizer for a wide array of prestigious international academic Olympiads, spanning mathematics, science, English, economics, and interdisciplinary fields. Since its founding in 2022, GOC has rapidly grown into the country's largest talent hub, engaging thousands of students annually and fostering global academic connections. Distinguished by its unique volunteer network of young leaders and strong partnerships with ministries, universities, and international organizations, GOC champions academic excellence, cultural exchange,

and youth empowerment. Its mission is to open doors for Azerbaijani students on the world stage, equipping them with the knowledge, skills, and networks needed for future success.
