

Godamwale Strengthens 3PL Fulfillment Presence Across 150+ Cities in India

Godamwale, a leading logistics and warehousing solutions provider, has broadened its 3PL fulfillment network to over 150 cities across India, spanning Tier-1 metros as well as Tier-2 and Tier-3 markets, reinforcing its nationwide supply chain reach.

Mumbai, Maharashtra Nov 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - Godamwale, a prominent name in technology-driven warehousing and logistics, has announced a major expansion of its 3PL fulfillment services, now covering more than 150 cities across India. The extended network includes every Tier-1 metro such as Mumbai, Delhi, Bengaluru, Chennai, Hyderabad, and Kolkata, while also reaching fast-growing Tier-2 and Tier-3 hubs like Pune, Coimbatore, and Bhiwandi. This nationwide presence enables businesses with dependable, scalable, and cost-efficient fulfillment solutions.

This development positions Godamwale as one of the top [logistics companies in Mumbai, Bangalore, Pune, and Coimbatore](#), while also solidifying its presence in Bhiwandi — India's warehousing hub. With strategically located warehouses in Mumbai and Bengaluru, the company ensures faster distribution, lower transit times, and better access to customers across regions.

By combining its advanced warehouse management technology with a strong partner network, Godamwale enables brands across industries such as e-commerce, retail, FMCG, and manufacturing to achieve faster order fulfillment, reduced logistics costs, and broader customer reach.

Godamwale's facilities are equipped with digital-first solutions such as real-time inventory visibility, QR-based operations, and automated reporting systems. These innovations streamline the complete supply chain cycle, from inbound receipt to last-mile dispatch, empowering businesses to enhance efficiency while maintaining end-to-end transparency.

A spokesperson for Godamwale commented, *"Expanding into more than 150 cities is a big step forward for us. Our goal is to build India's most agile and technology-led logistics ecosystem, enabling*

businesses of all sizes to scale without infrastructure constraints while ensuring faster, reliable deliveries for end customers.”

With this expansion, Godamwale continues its mission to redefine [supply chain management](#) across India, offering warehousing and 3PL services that adapt to the needs of both enterprises and SMEs.
