HireGen.com Launches AI-Powered Recruitment Platform to Transform Hiring in 2025

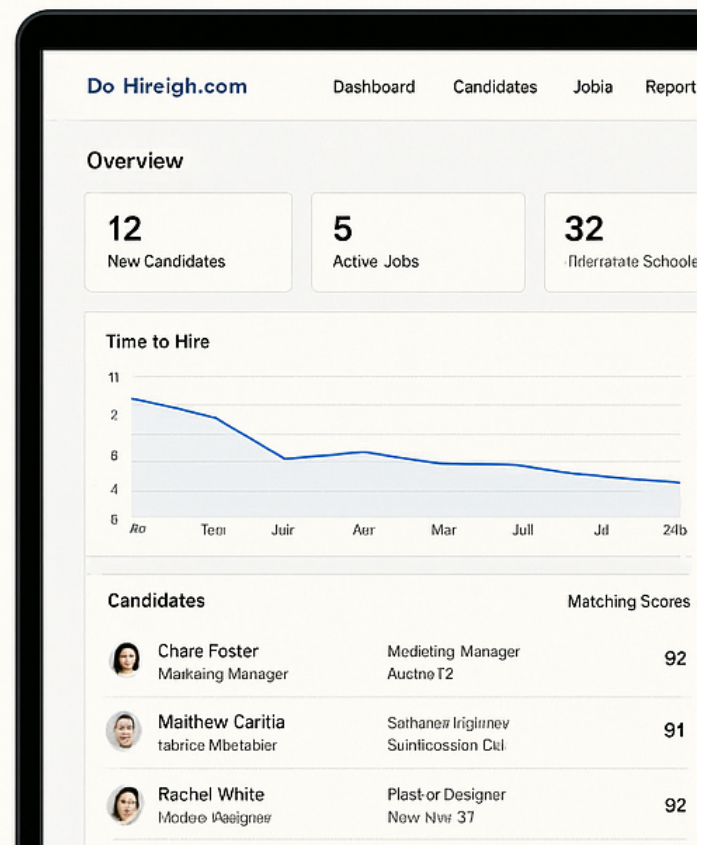

New AI recruitment software helps companies reduce time-to-hire by 40% with automation and smart candidate matching.

New York, NY – September 15, 2025

New York, NY – Leading provider of AI recruitment software, announces its launch of its next-generation AI-powered hiring platform

Smarter, Faster Recruitment with AI

- **AI Candidate Matching:** Recruiters save up to 50% of their time by automating repetitive tasks such as screening, scheduling, and follow-ups
- **Applicant Tracking System (ATS) & CRM Integration:** Seamless integration with existing HR tools for a unified hiring experience

New York City, New York Sep 15, 2025 ([IssueWire.com](https://www.issuewire.com)) - Hiregen.com, a leading provider of [AI recruitment software](#), today announced the launch of its next-generation AI-powered hiring platform designed to help businesses reduce time-to-hire, improve candidate experience, and cut recruitment costs.

Smarter, Faster Recruitment with AI

The new Hiregen recruitment platform delivers features that solve the biggest hiring challenges faced by companies in 2025:

- **AI Candidate Matching**
Advanced machine learning instantly shortlists candidates based on skills, experience, and cultural fit.
- **Automated Hiring Workflows**
Recruiters save up to 50% of their time by automating repetitive tasks such as screening, scheduling, and follow-ups.
- **Applicant Tracking System (ATS) & CRM Integration**
Seamless integration with existing HR tools for a unified hiring experience.
- **Data-Driven Insights**
Recruiters gain access to reports that improve decision-making and talent pipeline planning.

Early adopters of Hiregen.com reported a 40% faster hiring process and 35% lower recruitment costs, compared to traditional applicant tracking systems.

Industry Insights & Market Demand

Recruitment technology adoption is accelerating. According to Gartner *“70% of enterprises will rely on AI-powered hiring platforms by 2027.”*

This highlights the growing demand for automation in talent acquisition software.

Hiregen.com launch positions it as a frontrunner in the global HR tech market, providing solutions that improve both recruiter efficiency and candidate experience.

Leadership Quote

“Our mission at Hiregen.com is to empower recruiters with smart, intuitive tools so they can focus on building human connections, not managing paperwork,” said Oliver Smith, CEO of Hiregen. *“With AI-driven recruitment automation, we’re helping businesses hire better talent in less time.”*

Customer Success Stories

“Integrating Hiregen.com into our hiring process has been a game-changer,” said Emma Davis, HR Head at TalentEdge Solutions. *“We’ve cut our hiring cycle in half while significantly improving the quality of candidates.”*
