The Woodlands, Texas Sep 15, 2025 (Issuewire.com) - **Rodney POWELL**, widely known as the "**Medicare Video Guy**," is presenting complimentary educational workshops on Medicare Part D to church senior groups across the state. These talks aim to help seniors and caregivers understand prescription drug coverage options in a clear and straightforward manner. Workshops are designed for church luncheons and senior events, emphasizing informed decision-making with zero sales pressure.

With rising prescription drug costs and the upcoming **Annual Election Period** from October 15 to December 7, these workshops address timely topics such as annual plan reviews and strategies to avoid late enrollment penalties. Powell offers in-person presentations throughout the state, including in Houston, Dallas-Fort Worth, San Antonio, Austin, the Rio Grande Valley, East Texas, and West Texas.

The workshops last 45-60 minutes with time for questions and provide educational materials only, with no collection of personal health information or inducements. As an independent broker, Powell draws from his background with local senior ministries to deliver presentations that align with stewardship and support.

"Seniors in Texas churches benefit from clear information on Medicare Part D to help manage their prescription needs effectively," says POWELL. "These workshops are about sharing knowledge to promote confidence and independence in a respectful way."

"Hosting an educational session like this supports our senior ministry by providing useful guidance without any obligations," said a senior ministry leader at a Texas church. "It's a helpful resource for our community members navigating Medicare options."

Workshop Takeaways

- Basics of Medicare Part D, including premiums, deductibles, and coverage phases.
- Understanding formularies, drug tiers, and preferred pharmacies.
- Strategies for high-cost medications.
- Tips for annual reviews and avoiding late enrollment penalties.
