

Kayra Cabs Revolutionizes Urban Mobility with Launch of Tech-Integrated, Eco-Friendly Fleet

Kayra Cabs revolutionizes urban mobility with its new tech-integrated, eco-friendly fleet. Combining smart features with green technology, the fleet offers a seamless, sustainable, and modern travel experience for conscious urban commuters.

Delhi, India Sep 12, 2025 ([Issuewire.com](https://www.issuewire.com)) - Kayra Cabs, a leader in on-demand transportation, today announced the launch of a new, cutting-edge fleet and a suite of digital enhancements designed to meet the evolving needs of modern travelers. This strategic move positions Kayra Cabs at the forefront of the industry's shift toward sustainability, advanced technology, and flexible mobility solutions.

The core of this initiative is the introduction of a new fleet that includes a significant number of electric and hybrid vehicles. This investment underscores Kayra Cabs' commitment to reducing its carbon footprint and providing eco-conscious customers with a sustainable transportation option. By integrating greener vehicles, the company aims to contribute to cleaner urban environments while offering a quiet, comfortable ride.

Complementing the fleet upgrade is a powerful technological overhaul. Kayra Cabs is rolling out a new mobile app featuring an intuitive, user-friendly interface powered by AI. This intelligent platform will enable features like personalized vehicle recommendations, dynamic pricing based on real-time demand, and a seamless, contactless booking and check-in process. Customers can now book,

access, and return their vehicle with just a few taps on their smartphone, eliminating paperwork and wait times.

"The way people travel is changing, and so is their relationship with transportation. They want convenience, flexibility, and a service that aligns with their values," said Surya Singh , Founder and CEO of Kayra Cabs. "We are not just a ride-hailing service; we are a mobility partner. Our new fleet and technology platform reflect our vision to provide an efficient, sustainable, and truly modern transportation experience for everyone, from daily commuters to international tourists."

In addition to traditional on-demand rides, Kayra Cabs is introducing flexible rental models, including a subscription service and short-term, pay-per-use options. These new services are designed to cater to a diverse range of customers, including digital nomads, businesses, and individuals seeking a cost-effective alternative to car ownership.
