

Kerry R. Crone, MD: A Pioneer in Minimal Access Neurosurgery at UC Health

Renowned Professor and Neurosurgeon Driving Innovation, Safety, and Patient Care in Cincinnati

Cincinnati, Ohio Sep 16, 2025 ([IssueWire.com](https://www.issuewire.com)) - Kerry R. Crone, MD, a distinguished Professor of Neurosurgery and Residency Associate Program Director at the University of Cincinnati College of Medicine, is making waves in the medical community with his groundbreaking work in minimal access surgery.

Dr. Crone's expertise encompasses a range of complex neurosurgical procedures, including endoscopic surgery, treatment of Chiari malformations, and brain tumors. His innovative approach to patient safety initiatives and clinical outcomes studies has solidified his reputation as a pioneer in neurosurgery. Currently serving as an attending physician at the University of Cincinnati Gardner Neuroscience Institute and the University of Cincinnati Cancer Center, Dr. Crone is at the forefront of advancing surgical techniques and improving patient care.

UC Health, a renowned healthcare provider in the Cincinnati region, is proud to have Dr. Crone as part of its esteemed team of clinicians and researchers. From the cutting-edge University of Cincinnati Medical Center to the state-of-the-art West Chester Hospital, UC Health is committed to providing world-class care to all members of the community. The organization's dedication to diversity, medical research, and education aligns seamlessly with Dr. Crone's own values and professional goals.

Dr. Crone's educational journey began at the University of Cincinnati, where he earned both his undergraduate degree and medical education at the College of Medicine. He further honed his skills during an internship and residency in neurosurgery at North Carolina Baptist Hospital, where he notably served as Chief Resident. This was followed by a prestigious fellowship in pediatric neurosurgery at The Hospital for Sick Children in Toronto, Canada.

A Diplomate of the American Board of Neurological Surgery, Dr. Crone is an active member of the Chiari Cares Neurosurgery Fitzpatrick Foundation. He has dedicated over two decades of his professional life to diagnosing and providing optimal surgical treatment for children with Chiari I malformations. His unwavering commitment to patient care has earned him numerous accolades, including the On-Time Doctor Award in 2009 and the Patients' Choice Award in 2008.

Dr. Crone's dedication to excellence and innovation in neurosurgery makes him an invaluable asset to UC Health and the Cincinnati community. His contributions will undoubtedly shape the future of neurosurgical care and improve the lives of countless patients.
