

Kids Intelligence Empowers Aspiring Teacher Entrepreneurs with a Unique Growth Ecosystem

Empowering Teachers, Enriching Children: Kids Intelligence Launches Ecosystem with Expert Abacus Teachers & Aaichi Shala Preschools.

Mumbai, Maharashtra Sep 5, 2025 ([Issuewire.com](https://www.issuewire.com)) - Kids Intelligence, a leading name in child skill development and teacher training, has announced the expansion of its powerful ecosystem designed to support aspiring teacher entrepreneurs. With a mission to transform teachers into confident, independent, and financially successful professionals, the initiative is already creating inspiring success

stories across India. At Kids Intelligence, teachers are not only trained in world-class methodologies like Abacus, Vedic Math, Mind Training, and Child Development Programs, but also guided step-by-step in building their own successful education ventures.

Through mentorship, structured business models, and marketing support, the organization ensures teachers can scale their passion into a sustainable source of income. “Many of our teacher entrepreneurs are consistently earning between ₹50,000 to ₹1,00,000 per month by being a part of our ecosystem,” shared Mr. Yashodhan Bhavé, Partner of Kids Intelligence. “We are committed to creating opportunities where teachers don’t just teach but also thrive as entrepreneurs.” Adding to this, Mrs. Shubhada Bhavé, Founder and Director at Kids Intelligence, emphasized: “Our vision has always been to give teachers not just skills, but also identity, confidence, and financial independence. With our structured programs and handholding, we are building an empowered community of educators who create impact in children’s lives while also securing their own growth.” A major highlight of Kids Intelligence is its trademark & registered brand – Expert Abacus Teacher®. Known for delivering world-class Abacus education for kids, this program has become a benchmark in the industry. Under the consistent guidance and training of Shubhada Bhavé, Expert Abacus Teachers are groomed to move to the next level of teaching excellence, ensuring every child receives the highest standard of Abacus education. In addition, Kids Intelligence is creating a nurturing environment for children through its Activity Center and Preschool powered by the unique concept Aaichi Shala.

Built on the foundation of Indian culture and values, Aaichi Shala blends modern early education with traditional wisdom, ensuring children grow with both global skills and cultural roots. This distinctive model provides aspiring teacher entrepreneurs with an opportunity to run preschools and activity centers that stand apart in the market. The Kids Intelligence ecosystem includes:

- Trademark Brand: Expert Abacus Teacher® – empowering teachers & ensuring excellence in Abacus education.
- Teacher Training Programs (online & offline).
- Business Mentorship & Ecosystem Support.
- Child-Centered Learning Modules combining academics with life skills.
- Activity Center & Preschool (Aaichi Shala Concept) rooted in Indian culture & values.
- Franchise & Partnership Model enabling teachers to grow locally while being part of a national brand.

With a growing network of teacher entrepreneurs achieving remarkable success, Kids Intelligence is redefining what it means to be a teacher in the 21st century. For aspiring teachers and parents passionate about education, this ecosystem opens the doors to a career that is both impactful and financially rewarding.

About Kids Intelligence

Kids Intelligence has been at the forefront of child development and teacher training for over 15 years, empowering thousands of children, teachers, and parents across India. By combining modern pedagogy with entrepreneurial support, it has established itself as a trusted brand for holistic education and educator empowerment. Its trademark program, Expert Abacus Teachers, stands as a symbol of quality and trust in Abacus education for kids, while its Aaichi Shala-powered Activity Centers and Preschools provide children with strong cultural grounding and modern learning.
