

Krtya Technologies Expands Global Reach with Innovative IT Solutions

Surat, Gujarat Sep 21, 2025 ([Issuewire.com](https://www.issuewire.com)) - Krtya Technologies, a leading IT software development and outsourcing service provider, is proud to announce its continued growth and commitment to delivering innovative IT solutions to clients worldwide. Established in 2008 and headquartered in Surat, Gujarat, Krtya Technologies specializes in providing [Global Capability Center \(GCC\)](#) and Contract-to-Hire services, empowering businesses to scale operations efficiently and access top-tier talent.

Empowering Businesses with Scalable Workforce Solutions

Krtya Technologies offers a range of services designed to meet the dynamic needs of businesses:

- **Global Capability Center (GCC):** Providing scalable teams with world-class talent to support global business growth.
- **Contract-to-Hire:** Offering flexible staffing solutions to evaluate talent before making long-term hires.
- **IT Team Services:** Strengthening infrastructure, development, and security with expert IT professionals.
- **Sales & Marketing:** Driving results through effective strategies with skilled professionals.
- **Customer Support:** Ensuring outstanding customer service and satisfaction with efficient support teams.

Commitment to Excellence and Client Success

With over 15 years of experience, Krtiya Technologies has successfully completed over 500 projects across 20+ countries, serving more than 30 satisfied clients. The company's dedication to delivering cost-effective and scalable workforce solutions has earned it a reputation for excellence in the IT services industry.

Client Testimonials

"It was a big decision for us to go abroad for programming skills. After finding Krtiya Software Development and the team behind, we are very confident to get the work done. We have a really good dialogue and communication are working very well. We hope to have a long business relationship together." – Joakim Linnarsson, Manager.

"I am very happy with the quality of work this team is giving me. Bharat used his initiative and introduced a quality control staff member. The result of this initiative was a dramatic increase in the quality of submitted work. This team communicates well and asks questions prior to commencing work, ensuring that we are all heading in the same development path." – Alex Daniel, Business Owner.
