

Local Photographer Dee Sanders Captures Key Moments as Montgomery Secures Massive Meta Investment

Capturing the Collaboration: Dee Sanders Documents City Leaders' Commitment to Economic Growth

Montgomery, Alabama Sep 26, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dee Sanders Photography was on-site to provide professional event photography services for the recent announcement of Meta's expanded commitment to its Montgomery Data Center, a historic event that will see the company pump as much as \$1.5 billion into the project.

The news, announced during a private construction tour for state and regional leaders, signifies a massive economic boost for the city of Montgomery and the surrounding region. Dee Sanders Photography was the official photographer, documenting the entire process, from candid moments of engagement between city leaders and the construction team to the formal announcement of the expanded project.

Dee Sanders' work captured the importance of the event and the collaborative spirit of the diverse group of officials in attendance. The photos showcase key figures, including Montgomery Mayor Steven Reed, County Commissioners, members of the Montgomery Area Chamber of Commerce, and Montgomery City Council members. The images will serve as a visual record of a pivotal moment for the city, highlighting the people and partnerships that made this significant investment possible.

"Being chosen to document an event of this magnitude is a great honor," said Dee Sanders of Dee Sanders Photography. "My goal was to capture not just the announcement, but the energy, the conversations, and the unified vision of all the city leaders who have worked tirelessly to bring this project to fruition. These photos tell the story of a community coming together to shape its future."

Meta's expanded investment builds upon its initial \$800 million commitment announced in May 2024. The completed Montgomery Data Center campus will total more than 1.3 million square feet and will be optimized for artificial intelligence workloads, positioning Montgomery at the forefront of the technology sector. The project is expected to create 100 jobs and an estimated 1,000 construction jobs at the peak of development.

Dee Sanders Photography specializes in capturing corporate and public events, providing high-quality visual content that brings stories to life. The company's portfolio includes documenting major milestones and celebrations for businesses and organizations throughout the Montgomery area.
