

Los Angeles' Premier Eco-Friendly Mobile Detailing Service, MPerial Detailing, Soars to #1 Under Revitalized Leadership

MPerial Detailing has cemented its status as Los Angeles' premier eco-friendly auto detailing service, claiming the #1 spot in the market. The company's resurgence and success are driven by the full-time return of its founder, Marques A Presley.

Los Angeles, California Oct 1, 2025 ([Issuewire.com](https://www.issuewire.com)) - MPerial Detailing, the leading provider of premium, water-conscious mobile detailing in Los Angeles, today announces the full-time return of its visionary founder, Marques A Presley. After a sabbatical spent expanding his horizons in Europe and

pursuing an international music career, Presley has returned to the helm, re-energized and more passionate than ever about revolutionizing the auto care industry with an unwavering commitment to sustainability.

Presley's journey abroad, performing his music from London to Amsterdam, provided a period of deep reflection. Despite his success in the international scene, he found his thoughts consistently drawn back to the unique satisfaction of transforming a vehicle and the sustainable business he built from the ground up. This clarity - that his true calling lies at the intersection of artistry, entrepreneurship, and environmental stewardship - compelled his decision to return.

"Traveling and creating music has been an incredible chapter that taught me so much about culture, art, and precision," said Presley. "But I realized that I know longer have to live a life of having to pick and choose. I can/will continue to perform globally, while continuing to build MPerial the way I want it to be. "The same passion I have for crafting a perfect song - attention to detail, dedication to the craft, and creating something beautiful - is exactly what fuels me in the detailing industry. I missed the tangible results, the clients reaction to a flawless finish, and most importantly, leading a company that proves you don't have to compromise luxury for responsibility. Los Angeles is my home, and perfecting the eco-friendly detailing scene here is not my only mission, but to take it globally."

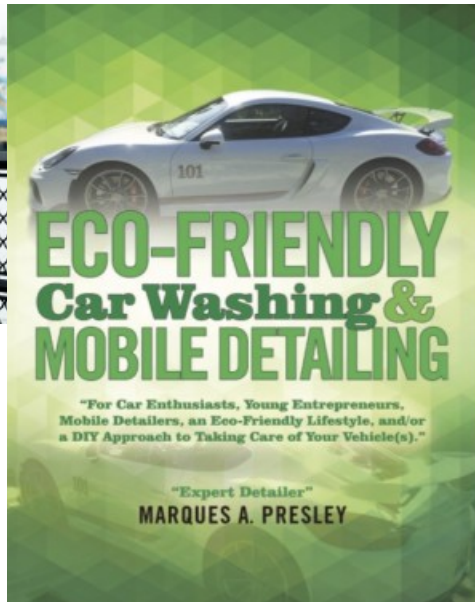

Under Presley's renewed leadership, MPerial Detailing has solidified its position as the #1 eco-friendly auto detailing service in the highly competitive Los Angeles market.

Waterless and Water-Light Techniques: Utilizing advanced, pH-neutral cleaning solutions and specialized microfiber towels that lift dirt without scratching, saving thousands of gallons of water each month compared to traditional hose-and-bucket methods.**Biodegradable & Non-Toxic Products:** Every polish, wax, and interior cleaner is meticulously selected to be free of harsh chemicals, ensuring a safe environment for clients, technicians, and local ecosystems. Wastewater runoff, a significant pollutant from traditional car washes, is virtually eliminated.**A Mobile, Efficient Model:** By bringing the service directly to the client's home or office, MPerial Detailing reduces the carbon footprint associated with customers driving to a fixed location, further enhancing its environmental benefits.

MPerial Detailing offers a comprehensive suite of services designed for the discerning Los Angeles clientele, from routine maintenance washes to extensive ceramic coating applications and paint correction, all performed with an eco-conscious ethos."The market has spoken. Clients no longer see 'green' as a niche; they demand it as a standard of excellence," Presley added. "We are proud to offer a service that is not only superior in its results but also responsible in its execution. Being the best doesn't just mean the shiniest car; it means being the best for our community and our planet."

About MPerial Detailing:Founded by Marques A. Presley in 2015, MPerial Detailing is a Los Angeles-based premium mobile auto detailing company recognized for its unparalleled commitment to environmental sustainability without sacrificing quality. Voted the #1 Eco-Friendly Auto Detailing service in the city, MPerial uses only the finest biodegradable products and water-saving techniques to deliver exceptional results. From exotic supercars to daily commuters, MPerial Detailing brings the detail shop to you, providing convenience, luxury, and peace of mind.
