The Sanctuary of Tomorrow

Santa Clarita, Sep 25, 2025 ([IssueWire.com](https://www.IssueWire.com)) - **Lyntara Choi**, the debut author, has come up with her very first novella, '[The Sanctuary of Tomorrow](#)'. This passionate writer has self-published her book for the very first time to showcase her creativity and unique skills. The debut has started to generate a buzz among the readers as the author has delivered a story from a unique perspective. It is a story set in Florence, Italy, set in the time of World War I. In this book, the writer has conveyed a story of how the government of Florence turns to the Telepaths. The psychic abilities of the Telepaths were the only solution. As the story progresses, it also shows how the dynamics change with each passing time.

This story shows how the beautiful city, Florence crumbled down immediately after the war. She has offered a refreshing perception that is worth appreciation. Later, the story revolves around one of the Telepaths, named Martino Griffiths. Choi has exceptionally portrayed the journey of Martino. This story is all about fear, danger, sacrifice, and friendship. This has all the elements that make a book interesting and adventurous. With the debut of her novel, the author has demonstrated her passion for writing. She has always been inclined to write more stories. It is one of her favorite ways of conveying her thoughts and expressing emotions. Thus, the brilliant way of writing has amused all readers.

'**The Sanctuary of Tomorrow**' is generating more attention among readers because it is quite different from all the wartime stories. It is her innovative way of delivery that has helped her to influence readers in a hassle-free way. As the author has successfully given the story from a different perspective, it is reaching out to potential readers in a much easier manner. Slowly but steadily, this book has captured the attention of many readers. Her book is now available on Amazon for all. Many are already waiting for her next creation. Thus, keeping an eye on Amazon can help readers get a hand on her upcoming book as soon as possible.
