Newport Beach, California Sep 21, 2025 (Issuewire.com) - CareersElite.com, is an "ad-free" US job search engine, and direct-hire recruiting firm. Our job search engine platform offers ad-free, low cost **\$99 Job postings**. With increased distribution across multiple platforms, it gives your job postings better visibility for a lower price than anywhere else

The new ad-free job search engine CareersElite.com features a simpler, user-friendly experience for a low cost vs. other job search engines. It attempts to differentiate itself from major platforms by focusing on quality and connection over a high volume of applicants.

At **CareersElite**, we feel that the high cost of other job search engines makes it impossible for the small business to even afford to post a job. **We believe that the many distractions of other search engines deter candidates from their main purpose, which is, finding a quality job. Says Ellen Ward, CEO of CareersElite.** Furthermore, "moving to the more traditional job search engine helps us build relationships with people who are seeking jobs and companies that are looking for top talent. Our job search engine helps make those connections."

The "Job Search Engine" is just one part of the CareersElite.com range of services. An essential service of CareersElite is our rapid and ongoing communication with clients, and our recruiting rates are one of the lowest in the industry, at 12% of the annual salary, compared to 20% + for most other recruiting agencies. We offer a 30-day guarantee of replacement of candidates if they do not work out within that agreed time frame, which is a plus. CareersElite honors their commitment.

Our **\$99 Job Postings are the lowest price around.** With a fast, ad-free, simple format, posting a job on CareersElite.com is the best choice, well above other job posting sites. We have found most

competitors charge over \$500 or more for a single post. Therefore, we can provide you more from our site starting with **\$99 Job Postings**.

CareersElite.com also offers **Video Resume** and **Text Resume Uploads FREE!** The benefit of Video resumes offers a company a chance to pre-screen candidates before they interview saving time and money.
