Los Angeles, California Sep 17, 2025 ([IssueWire.com](http://www.IssueWire.com)) - Miami Neon Recordings and Baja Med Recordings Join Beat Ascension Recordings Music Group

Beat Ascension Recordings Music Group proudly announces the addition of two dynamic new labels to its expanding roster: **Miami Neon Recordings**, a Miami, Florida-based label specializing in retro-

inspired electronic music, and **Baja Med Recordings**, a cross-border imprint from Tijuana, Mexico and San Diego, California, known for its fusion of EDM, jazzy dance, pop, funk, and disco.

Miami Neon Recordings has quickly established itself as a champion of '80s-style sounds, blending synthwave, retrowave, new wave, and dance into futuristic yet nostalgic sonic journeys. Rooted in Miami's neon-lit nightlife and cultural legacy, the label delivers cinematic, synth-driven tracks that transport listeners into a retro-futuristic universe.

Baja Med Recordings, meanwhile, reflects the rich cultural vibrancy of the Baja California border region. Specializing in EDM with jazzy grooves, funk, disco, and pop influences, the label embodies a genre-bending ethos that bridges Latin and global sounds with cutting-edge dancefloor appeal.

"Miami Neon Recordings embodies the spirit of retro-futurism, while Baja Med Recordings delivers a soulful, cross-genre blend of funk, jazz, and modern dance," said **Gustavo Campain**, founder of Beat Ascension Recordings Music Group. "Together, these labels bring unique visions that perfectly align with our mission to foster innovation and diversity across the electronic music landscape."

Joining Beat Ascension Recordings Music Group provides both labels with expanded international distribution, marketing, and collaboration opportunities. With these additions, Beat Ascension continues to build a forward-thinking family of labels that include **008 Recordings (UK)** and **Costa del Sol Recordings (Spain)**.

Julio Padilla, founder of Miami Neon Recordings, added: "We created this label to revive the timeless energy of synth-driven dance music and share it with a new generation of listeners. Partnering with Beat Ascension allows us to expand that vision on a global scale."

Baja Med Recordings, commented: "Our mission has always been to spotlight music that fuses funk, disco, and jazzy grooves with modern EDM energy. By joining Beat Ascension, we can take that cross border sound to an even wider international audience."

With these new alliances, Beat Ascension Recordings Music Group further cements its reputation as a global hub for genre-defining music—uniting retro-electronic, funk-infused, and cutting-edge dance sounds under one banner.
