

Mouza Alshebli, MBBS: A Pioneer in Women's Health and Medical Education

Dedicated Physician Scholar Making Strides in Oncology and Mentorship

Annapolis, Maryland Sep 24, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Mouza Alshebli, MBBS, is making waves in the field of medical oncology as a current fellow at Luminis Health Anne Arundel Medical Center, while also serving as a distinguished physician at Abu Dhabi Health Services Company (SEHA). With over nine years of experience, Dr. Alshebli is committed to enhancing patient care, advancing medical education, and advocating for women's health, particularly in the realms of breast and gynecological cancers.

Dr. Alshebli embarked on her medical journey at the young age of 17, fueled by a lifelong aspiration to care for others and a strong vision of her future as a physician. She obtained her Bachelor of Medicine, Bachelor of Surgery (MBBS) degree from United Arab Emirates University and is currently enriching her expertise by pursuing a Master's in Health Informatics at Northwestern University in Chicago.

Throughout her impressive career, Dr. Alshebli has emerged as a leader in medical education, actively engaging in the development of educational programs tailored for residents. Drawing from her own experiences as a trainee, she has crafted lectures that address the specific learning needs and knowledge gaps of students, ensuring they are well-prepared for their future roles in healthcare.

Dr. Alshebli's clinical expertise in internal medicine and oncology has allowed her to provide holistic care to her patients. Her approach to medicine combines her extensive clinical knowledge with a passion for mentoring and teaching, fostering an environment of growth among medical trainees while maintaining a strong focus on patient-centered care.

Reflecting on her success, Dr. Alshebli credits her family for their unwavering support. "If I were not born into my family, I would not be as successful as I have been to this point. In my day, it was unusual in the UAE for a woman to move upward, but my dad accepted my dreams and supported me. My mother has always been very supportive and pushed me to do the best I can do. They came with me to help me get settled, and they are always checking on me," she shared.

A passionate advocate for women's health, Dr. Alshebli is dedicated to making a significant impact in the fight against breast and gynecological cancers. She employs evidence-based strategies and compassionate care in her practice, embodying a professional philosophy centered on empathy, leadership, and a relentless commitment to improving health outcomes for her patients and communities.
