What Inspired the Book

Vogel shares, *“Living for 40 years in that dull climate of a very creative country—Ireland—made me think, I need sun and inspiration, hence my move to the south of France.”* This transition provided the light and creative spark that infused “A Horizon Filled with Nebelous Clouds” with new rhythms, textures, and depth.

Recently, Rob Vogel took part in a Spotlight interview with esteemed host Logan Crawford, where he shared a deeper look into the heart of his poetry collection, “A Horizon Filled with Nebelous Clouds”. What sets this lyrical work apart is not only the artistry of the poems themselves, but also the story behind them—Vogel’s own journey from decades in Ireland’s gray climate to the sunlit inspiration of southern France. His reflections show how place, language, and mood converge to shape poetry, and how the interplay of words and rhythms can open spaces for meanings both unexpected and profound.
