

SalesTarget Debuts on Product Hunt with Its Next-Gen All-in-One AI Sales Automation Platform

Wilmington, Delaware Sep 19, 2025 ([Issuewire.com](https://www.issuewire.com)) -

SalesTarget, led by CEO Kartikeya Mishra, proudly announces the official launch of its all-in-one AI sales automation platform on Product Hunt. This milestone marks a new era for businesses looking to supercharge lead generation, cold email outreach, and customer relationship management with AI-driven precision.

“[SalesTarget](#) was built to solve one of the biggest challenges in B2B sales—finding the right leads and engaging them effectively at scale,” said Kartikeya Mishra. “With AI at the core, our Co-pilot assistant, the SISR system (Server & IP Sharding and Rotation System), and customer service that’s second to none, we’re giving sales teams a true growth engine that saves time and maximizes results.”

What is SalesTarget?

SalesTarget is the next-gen AI sales automation engine that brings powerful capabilities under one roof:

- Lead Explorer – Access 50M+ verified B2B contacts with advanced filters.
- Cold Email Outreach & Warm-Up – Run high-deliverability campaigns with inbox rotation, spintax AI, and bounce detection.

- Integrated CRM – Manage pipelines, tasks, meetings, and analytics in one place.
- Co-pilot AI Assistant – A built-in AI sales partner that can generate lead lists, write cold email sequences, optimize deliverability, and summarize campaign performance — all through simple chat.
- SISR System – SalesTarget’s proprietary Server & IP Sharding and Rotation System, built to maximize email deliverability, maintain sender reputation, and support massive campaign scaling without compromising inbox placement.
- World-Class Customer Service – Beyond technology, SalesTarget ensures every customer receives responsive, personalized, and top-notch support, making adoption and scaling effortless for teams of any size.
