

The Gabriella Rossetti Vault Sale Is Live

Clothing in sizes 12–24, and the textiles that bring them to life.

New York City, New York Sep 10, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Gabriella Rossetti, the attainable luxury brand dedicated exclusively to women's wear in sizes 12–24, announces *The Vault Sale*, now live at GabriellaRossetti.com. For the first time, the brand is opening its archive — offering select garments alongside the silks, wools, and specialty fabrics that define its collections.

Gabriella Rossetti was founded to answer the needs of the 75 percent of women in the U.S.—more than 130 million—who wear size 12 and above and seek clothing that is both sophisticated and designed expressly for their proportions. Every piece is manufactured on demand in New York City, eliminating the inventory waste that often ends up in landfills, while giving women access to refined fabrics and construction typically reserved for the designer tier.

“The Vault Sale is about extending access—not only to our clothing but also to the fabrics that make them possible,” said founder and CEO Alison Diboll. “Our collections are built from high-caliber textiles—silks, wools, and knits with thoughtful stretch to ensure the perfect fit. The sale is an invitation to experience Gabriella Rossetti in multiple ways: to wear pieces created exclusively for women in sizes 12 to 24, and to work with the very fabrics we use to bring personal visions to life.”

About Gabriella Rossetti

Gabriella Rossetti is an e-commerce company offering attainable luxury women's wear in sizes 12–24. Sold online through premier retailers and at GabriellaRossetti.com, the brand merges refined design with its proprietary fit system and sustainable production. Each garment is manufactured sustainably on demand in New York City to avoid overproduction and reduce landfill waste. With a focus on high-caliber textiles—particularly silks and wools—and the thoughtful use of stretch, Gabriella Rossetti delivers elegance, comfort, and responsibility in equal measure.
