

# The International Supply Chain Protection Organization Welcomes Birdseye Security Solutions as Preferred Partner

ISCPO Welcomes Birdseye Security Solutions To Enhance Supply Chain Security at the Gate

**Dallas, Texas Sep 9, 2025** ([Issuewire.com](https://www.issuewire.com)) - The International Supply Chain Protection Organization (ISCPO) is proud to announce [Birdseye Security Solutions](#) as its newest preferred partner.

“We help you sleep better at night.”

Birdseye Security Solutions delivers a modern, remote-first approach to securing and operationalizing logistics, warehouse, and industrial facilities. By combining AI-powered cameras, professionally trained live agents, and intelligent software platforms, Birdseye transforms gate operations into data-driven security hubs. From perimeter monitoring to Intelligent Gate Management System™ (iGMS) verification, its integrated solution creates real-time visibility, enforces SOPs, and ensures every vehicle, trailer, and driver is properly validated. The result: unmatched security outcomes, reduced costs, and greater control over one of the most high-risk points in the supply chain.

Together, ISCPO and Birdseye Security will collaborate to advance supply chain integrity through the gate and yard and create a best practice framework for protecting logistics centers across industries from fraud and cargo theft.

*“On behalf of the ISCPO, I am thrilled to welcome Birdseye Security Solutions to our Preferred Partner Program,” said **Byron Smith, ISCPO President & Chairman**. “Birdseye brings 13 years of proven security expertise in solving some of the industry’s most salient challenges, including cargo theft and inefficient, noncompliant yard operations. Its comprehensive approach combining AI and human judgment will help our members achieve greater security across logistics, transportation, and industrial facilities.”*

**Mike Grabovica, CEO of Birdseye Security Solutions** added: *“Logistics yards are the new frontline of supply chain risk. We are committed to helping facilities transform risk into competitive advantage*

— achieving the security excellence needed to earn customer trust and grow revenue.”

Together, ISCPO and Birdseye will explore innovative ways to enhance gate operations, and improve overall supply chain security.

**About Birdseye Security Solutions:**

Birdseye Security Solutions provides remote live video monitoring and supervision to enhance security and efficiency at facilities across North America. Its smart AI technology, intelligent gate management solution, and trained agents reduce incidents, improve safety, and lower costs—ideal for transportation yards, automotive storage, and warehouses. Birdseye enforces nearly 95K safety protocols and oversees ten million gate transactions annually, delivering 99.99% accuracy at the gate.
