

Unimonks Recognized as India's First Exclusive CUET-Focused Institute, Expands Offerings for 2026 Aspirants

New Delhi, Delhi Sep 12, 2025 ([Issuewire.com](https://www.issuewire.com)) - **Unimonks**, an education venture founded by Ph.D. alumni of JNU, IIT Delhi, and Delhi University, has been officially recognized as India's first and only institute dedicated exclusively to CUET (Common University Entrance Test) preparation. As the CUET 2025 season approaches, the institute has announced the expansion of its offline and online programs to reach a wider pool of aspirants nationwide. Unimonks is regarded as **Best CUET coaching institute in India** by different reputed media houses.

Since its inception, **Unimonks** has set itself apart by focusing solely on CUET, unlike multi-exam coaching centers that dilute resources across different streams.

The institute has gained recognition in leading publications such as The Times of India, The Hindu, The Print, and Hindustan Times for its innovative approach and commitment to high-quality preparation.

“CUET 2026 is not just another entrance test. It requires a different mindset, structured planning, and specialized study material. Our goal has always been to ensure that students receive CUET-specific coaching rather than generic aptitude training,” said Dr. Arvind Rao, Co-Founder of Unimonks, in a statement.

Dr. Arvind Rao is a Ph.D, DAAD Fellow (Germany), formerly worked with Byju' and Chanakya IAS, faced UPSC CSE interview twice, now guides CUET aspirants.

The expansion for 2026 includes:

New Learning Modules tailored for CUET English, General Test, and domain subjects.

Digital-first study resources, including infographics, interactive practice sets, and AI-enabled mock tests.

Hybrid coaching model, enabling students from Tier-2 and Tier-3 cities to access Unimonks' programs online.

Expert-led sessions with faculty from premier institutions like JNU, IIT, DU, NIFT, and NLUs.

Unimonks' unique position as a CUET-only institute has already helped hundreds of students secure admissions to top Indian universities. Unimonks is regarded as best CUET coaching institute in India by various educational blogs. By expanding its programs, the organization seeks to strengthen its presence nationally and support a new generation of aspirants preparing for CUET 2026

Education observers believe that Unimonks' exclusive focus could change the dynamics of entrance exam coaching in India, creating a more specialized, student-focused environment.

About Unimonks
