Bengaluru, Karnataka Sep 3, 2025 ([IssueWire.com](https://www.issuewire.com)) - VerifiKYC, a technology-driven identity verification platform, has officially launched its services to help landlords, businesses, and individuals conduct secure and compliant tenant, client, and employee verification.

The platform and mobile app provide instant verification of key identity documents such as Aadhaar, PAN, Passport, Driving License, and Voter ID. With advanced selfie capture and face match technology, VerifiKYC ensures accurate identification while generating instant background verification reports.

Built to comply with India's **Digital Personal Data Protection (DPDP) Act**, VerifiKYC addresses the growing need for safe and reliable verification solutions. By leveraging trusted APIs and secure integrations, the platform safeguards both businesses and consumers from fraud risks.

Key Benefits of VerifiKYC:

- Verify tenants before renting properties
- Onboard clients and employees quickly and securely
- Conduct pre-employment checks with ease
- Reduce identity fraud with instant background checks
- Ensure compliance with data privacy regulations
- Easy-to-use via Website, Android & iOS Apps, or WhatsApp

"We built VerifiKYC to bring trust, transparency, and compliance into the verification process. Our goal is to empower landlords, employers, and businesses with tools that make KYC simple, fast, and reliable," said **Praveen H, Founder of VerifiKYC**.

The service is now live across India, offering both individual and business solutions.
