

XRP contract upgrade, DL Mining app: opening the era of zero-threshold BTC and DOGE mining on smartphones

The advertisement features a Bitcoin mining rig with a Bitcoin logo on its front panel, resting on a black mat. To the right of the rig, there are two call-to-action boxes. The top box is purple and contains the text "Sign up to join DL Mining and get \$15". The bottom box is yellow and contains the text "Daily check-in will earn you \$0.6". The background is a dark blue grid pattern.

Manchester, United Kingdom Sep 17, 2025 ([IssueWire.com](https://www.issuewire.com)) - There are many ways to make money, but making money with money is the most efficient.

Finance is an industry that makes money with money. However, finance and bubbles are like twin brothers. Where there are financial products, there are bubbles. In the eyes of ordinary people, bubbles are risks, so ordinary people always feel that finance is far away from them. But for financial practitioners, bubbles are opportunities, and they will dive into bubbles and make huge profits from them.

If you let someone who is good at making money with bubbles work for you, don't you also have the ability to "make money with money"? DL Mining's innovative business makes "making money with money" within reach (not just for the rich). As long as you are willing, DL Mining can help you start the journey of "making money with money" with only \$100.

[Who is DL Mining?](#)

DL Mining is the world's top Bitcoin mining machine manufacturer. It was founded in 2014 and is

headquartered in Scotland, UK, with more than 8 million members worldwide. The company has always focused on Bitcoin mining since its inception. At present, the company not only has the world's most advanced Bitcoin mining technology, but also has deployed the world's largest computing power facilities. According to statistics, the company contributes about 5.0% of the world's computing power.

How does DL Mining guarantee the benefits of participants?

Through innovative computing power contracts, [DL Mining](#) has obtained nearly \$3 billion in investment funds from more than 8 million people around the world. These funds are used by DL Mining to deploy Bitcoin computing power and Bitcoin mining technology, thus creating DL Mining's largest Bitcoin computing power system in the world. Data shows that DL Mining currently contributes about 5.0% of the world's computing power.
