Cross River, Nigeria Oct 27, 2025 ([IssueWire.com](https://www.issuewire.com)) - The next wave of artificial intelligence innovation is coming out of Nigeria with the launch of 6ixAI, an all-in-one AI platform designed to make intelligent tools accessible to everyone—from students and researchers to everyday users and families.

Developed and owned by 6Clement Joshua, a Nigerian Multi-billionaire entrepreneur from Cross River State, 6ixAI is a product of the parent company 6ClementJoshua. The platform combines education, creativity, and community collaboration in one easy-to-use ecosystem.

> “Our goal with 6ixAI is to make AI useful and affordable for the everyday person—especially for communities and students who have big dreams but limited access to expensive technology,” said Clement Joshua, Founder and CEO of 6ClementJoshua. “We want kids to learn, explore, and create using AI tools that speak their language and understand their world.”

Empowering Learning and Communication

6ixAI provides tools that help users:

Learn how to read, write, and communicate interactively

Study and perform research using intelligent assistants

Practice and learn sign language through engaging digital lessons

Access AI-powered study aids, productivity tools, and creative apps at extremely low cost

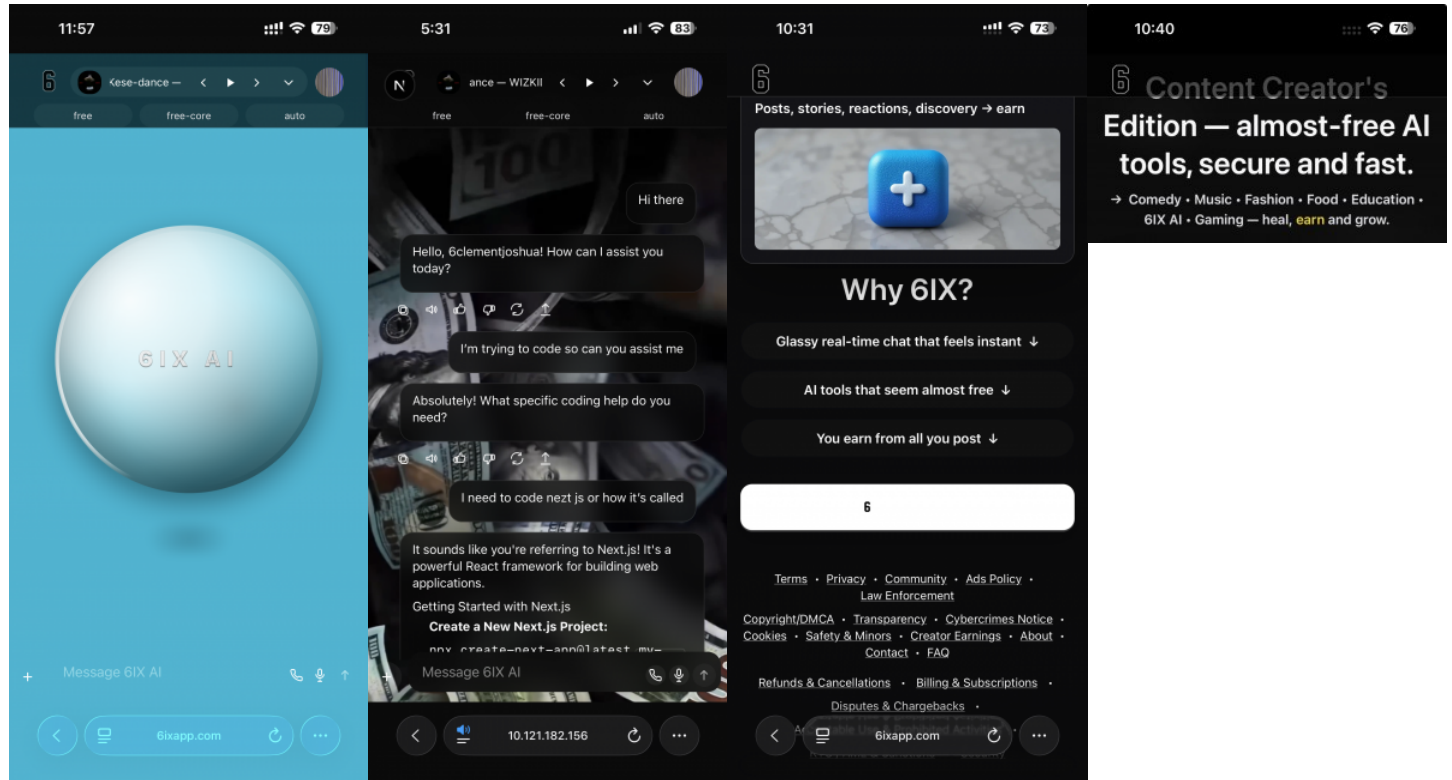

The platform emphasizes safe and inclusive AI access, ensuring that even children and beginners can explore technology confidently and responsibly.

Bridging the Digital Gap

As Africa’s AI landscape rapidly evolves, 6ixAI stands out as a community-first initiative that merges social impact with cutting-edge innovation. The platform’s affordability model aims to reduce barriers and create digital opportunities across regions.

Availability

6ixAI is now live at www.6ixapp.com with mobile apps available soon on Android and iOS.
