

BullOne International Investment Group Inc. — Building a Globally Trusted Brand Through U.S. Compliance Certification

Alabaster, Alabama Oct 13, 2025 (Issuewire.com) - BullOne International Investment Group Inc. recently announced that it has **completed official registration in the United States** and successfully obtained an **MSB (Money Services Business) license** issued by **FinCEN**. This milestone not only underscores BullOne's strength in compliance but also reinforces its legitimate status in the international finance and digital asset markets, injecting strong momentum into its global development strategy.

As an international integrated investment company, BullOne adheres to the philosophy of **“Compliance First, Innovation Driven.”** The acquisition of the U.S. registration and MSB license signifies that the company can now provide investment and asset management services fully aligned with international regulatory standards. This compliance advantage further enhances BullOne's **credibility and reputation in the global investment market.**

Beyond compliance, BullOne continues to push the boundaries of **technological innovation**. The company's self-developed **AI risk management system** and **big data analytics platform** enable real-time monitoring of market fluctuations and transaction risks, ensuring transparency and traceability throughout every investment process. Meanwhile, BullOne actively explores **blockchain, AI, and intelligent quantitative trading**, driving deeper integration between fintech and asset management.

Today, BullOne has expanded its operations across **Europe, Asia, and the Middle East**, establishing a truly **global investment network**. With a solid compliance foundation and advanced technological

capabilities, BullOne is committed to providing **secure, efficient, and sustainable wealth growth solutions** for clients worldwide.

In the future, the company will continue to strengthen its global presence and aims to become a **benchmark brand in the international investment industry**.
