

Caribbean After School Tutoring and Spirit of Math Partner to Bring International Spirit of Math Contest to St. Lucia

for 2025-26 School Year

North York, Ontario Oct 30, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Caribbean After School Tutoring](#) (CAST) and [Spirit of Math](#) are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to St. Lucia for the 2025-26 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give St. Lucian students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we are dedicated to revolutionizing education for students everywhere," said Kim Langen. "We are excited to support CAST in their mission to cultivate young talent and help students realize their greatest potential."

CAST, a trailblazing online education platform serving students across St. Lucia, is redefining academic success through personalized one-on-one instruction. With a focus on CSEC and CAPE examinations, CAST empowers learners to build confidence, master subject matter, and achieve measurable results. Founded by Samuel Kehlon Hunte and Shane Jones, CAST combines expert educators with flexible digital tools to create a dynamic learning experience tailored to each student's goals.

In partnership with Spirit of Math, CAST is proud to introduce the Spirit of Math Contest to students throughout St. Lucia. This exciting initiative invites high-performing students to engage with advanced mathematical challenges and benchmark their skills against international peers. By bringing this prestigious contest to the region, CAST and Spirit of Math are fostering academic excellence, global connection, and the development of future leaders in mathematics.

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get the personal satisfaction (and motivational boost) of tackling and conquering some of the hardest questions.
