

Domestyx The Platform the world need to empower Domestic workers

A new Dubai-based startup introduces a secure, transparent, and tech-driven solution to connect families and small businesses with verified domestic workers.

DOMESTYX

Dubai, United Arab Emirates Oct 31, 2025 ([IssueWire.com](https://www.issuewire.com)) - In a world where millions of domestic workers remain unseen, underpaid, and unprotected, a Dubai-based startup is stepping up to change the narrative. Domestyx, a trusted, commission-free hiring platform, is redefining how families and domestic workers connect, starting with the UAE and soon expanding globally.

The Mission:

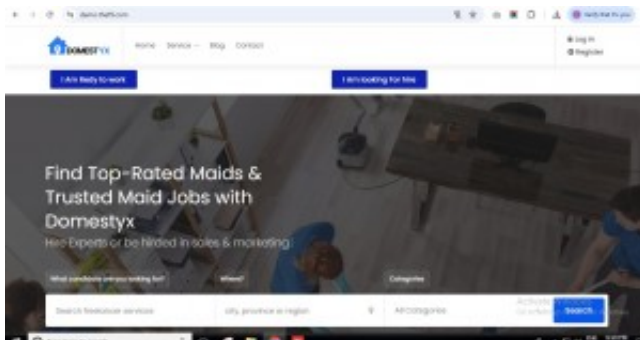

Domestyx is built on one bold belief: that every worker deserves dignity, safety and digital identity. Through verified worker profiles and secure in-app chat, the platform also wants to add multilingual support, ensuring that domestic employment becomes transparent, fair, and humane.

Why the world needs Domestyx:

Across the MENA and Asia region, domestic work has long been informal, unregulated and unsafe. Domestyx aims to bridge that gap, giving workers direct access to verified employers while allowing families to hire with confidence, free from middlemen or commissions.

Partnership and Validation:

Backed by **FasterCapital's** Launch Program, Domestyx has already gained recognition for its mission-driven approach. The partnership offers me investor connections and technical guidance to bring this vision to scale. Founder **Kabir Nandagaoli** is not only building a business but also a safer platform that will help families and domestic workers to have safe transactions and give millions of domestic workers the visibility and respect they deserve.
