

Dragomagte Launches Next-Gen AI Automation Systems to Help Businesses Operate on Autopilot

Early-stage tech startup Dragomagte introduces cutting-edge AI automation tools designed to simplify workflows, cut costs, and help companies scale effortlessly.

The logo for Dragomagte is displayed on a black rectangular background. The word "Drago" is in white, and "magte" is in a bright blue color.

Indore, Madhya Pradesh Oct 16, 2025 ([IssueWire.com](https://www.issuewire.com)) - Dragomagte Introduces Next-Gen AI Automation Systems to Help Businesses Run on Autopilot

In today's fast-paced digital economy, companies are constantly searching for ways to save time, reduce operational costs, and stay competitive. Dragomagte, a technology startup founded by Atharva Jaiswal, is reshaping how businesses operate through advanced AI automation systems designed to streamline processes and boost revenue—all on autopilot.

With years of research and multiple innovations in artificial intelligence, Jaiswal's mission is simple: to help businesses scale smarter, not harder. His company's automation tools are built to handle complex workflows—from customer communication to data analysis—allowing organizations to focus on what truly matters: growth and innovation.

"Our vision is to help companies unlock efficiency by letting intelligent systems handle the repetitive work," said Atharva Jaiswal, Founder and CEO of Dragomagte. "With AI-driven automation, businesses can cut costs, improve accuracy, and achieve more with fewer resources."

The company's proprietary AI platform integrates seamlessly into existing business infrastructures, enabling automated operations such as lead management, report generation, and customer engagement. This approach not only saves time and human effort but also empowers organizations to make data-backed decisions in real-time.

Dragomagte's technology is backed by four patents and a peer-reviewed research paper focused on artificial intelligence and machine learning systems. These milestones position the startup among the most promising innovators in the AI automation space.

“AI isn’t just about convenience—it’s about transformation,” Jaiswal added. “We’re helping businesses of all sizes experience that transformation by automating everyday operations and freeing up valuable human potential.”

With its tagline, “*AI Systems That Grow Your Revenue on Autopilot*,” Dragomagte aims to make intelligent automation accessible and impactful for startups and enterprises alike. The company continues to attract attention from industry professionals and early adopters eager to explore the next frontier of intelligent business operations.
