

Ed Palenski, MT (ASCP): A Proven Leader in Laboratory Medicine Seeks New Opportunities

A Seasoned Medical Technologist with Over 30 Years of Experience in Laboratory Operations and Regulatory Compliance

Dover, Delaware Oct 21, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Ed Palenski, MT (ASCP), a highly experienced medical technologist with over 30 years in both hospital and corporate settings, is actively pursuing new roles as a medical technologist, laboratory consultant, or clinical applications specialist. His unique

blend of clinical and corporate expertise positions him as a valuable asset for any organization focused on optimizing laboratory operations and ensuring regulatory compliance.

Mr. Palenski began his career in laboratory medicine with more than a decade of hands-on experience as a laboratory generalist. This foundational role allowed him to develop a deep understanding of clinical testing, quality assurance, and patient safety. Transitioning to the corporate arena, he spent nearly 20 years as a technical consultant, training specialist, and clinical implementation specialist, providing support to laboratories, physician office labs, and point-of-care settings nationwide.

Throughout his career, Mr. Palenski has demonstrated a comprehensive skill set, including expertise in CLIA compliance, technical support, training, software implementation, and laboratory process optimization. He has successfully led training initiatives for groups of all sizes, ensuring adherence to best practices in laboratory operations and regulatory standards.

In his most recent role with McKesson, Mr. Palenski was instrumental in ensuring compliance for physician office laboratories, guiding CLIA inspections, and developing inspection responses that significantly improved operational outcomes. His work required extensive travel and direct customer interaction, emphasizing the importance of building trust while maintaining compliance and efficiency.

Recognized for his problem-solving abilities and capacity to translate complex technical information into practical training, Mr. Palenski is committed to promoting laboratory excellence and patient safety. His proficiency with multiple laboratory information systems, including Meditech, Centricity, RALS, ISTAT, Lab Pak, and Antrim, further enhances his qualifications.

Ed Palenski holds a Bachelor of Science in Medical Technology from Morehead State University, awarded in 1983. He is now eager to leverage his technical expertise, leadership skills, and customer-focused approach in new opportunities within the healthcare industry.
