

Expanding Access: Apollo Clinic unveils its 500th healthcare destination globally

30th in Chennai's Velachery

Chennai, Tamil Nadu Oct 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Apollo Clinic](https://www.apolloclinics.com), a leading multi-specialty chain in India, has further strengthened its presence in Tamil Nadu with the launch of its new facility in Chennai's busy Velachery neighborhood. This modern, interdisciplinary clinic is designed to be a complete healthcare solution, offering specialist consultations, diagnostics, preventive health checks, and a pharmacy—all seamlessly integrated under one roof. With expert physicians, cutting-edge technology, and a dedicated team of trained technicians and support staff, Apollo Clinic Velachery is a state-of-the-art center equipped for excellence in healthcare.

The new Velachery Clinic spans an impressive 4,000 sq. ft. across three floors, representing the brand's commitment to providing spacious, advanced healthcare facilities. This launch marks Apollo Clinic's 30th center in Chennai and the 500th globally, with a network that includes clinics in Dubai and Bangladesh. Collectively, Apollo Clinics touch over 12,000 plus lives daily, offering care ranging from minor wound treatment to simple outpatient procedures. This immense capability is powered by more than 3,500 plus qualified doctors operating across over facilities nationwide.

Speaking about the launch, **Dr. Sangita Reddy, Joint Managing Director, Apollo Hospitals Group** said, *"With Non-Communicable Diseases (NCDs) accounting for 65% of all deaths in India, the need*

for preventive care has never been more urgent. Research underscores the importance of proactive strategies in avoiding and managing NCDs. This new clinic marks a significant step forward in our mission to bring healthcare expertise closer to the people — serving as a trusted health partner for families across the region. We are committed to delivering integrated, patient-centric care that is high-quality, accessible, and affordable for the communities of Chennai.”

Cementing its position as a frontrunner in preventive health and an undisputed leader in advancing cardiac care, Apollo seized the inauguration as an opportunity to launch a pivotal initiative for proactive heart health: a breakthrough screening package for detecting heart blockages. The newly introduced **LP-PLA2 (PLAC)** Test is an advanced, need-of-the-hour diagnostic tool that accurately assesses an individual's risk of developing atherosclerosis—the critical buildup of fatty plaques within the arteries.

The expertise of Apollo Clinic in Velachery represents a significant advancement in healthcare accessibility and quality, promising to serve as a trusted health partner for families in the neighborhood. For booking an appointment, patients can visit the Apollo Clinic website or call on the toll number 1860-500-7788.
