

Fulldome India Offers Next-Generation Geodesic Domes to Transform Immersive Experiences

Greater Noida, Uttar Pradesh Oct 10, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Fulldome India, one of the major suppliers of immersive dome systems in India, is expanding its solutions with [geodesic domes in India](#). The company is intending to bring viewers to the Indian market with state-of-the-art full-dome projection, VR, and experience-driven settings. Fulldome India, with its turnkey solutions that come with rental and purchase models, offers flexible options.

As immersive experiences continue to have an immeasurable prevalence in industries, Fulldome India is exporting world-class dome solutions and turnkey offers to clients in India. The company has a comprehensive range of dome sizes, turnkey solutions, and long-term support that is aimed at making 360-degree projection and immersive content accessible and scalable.

Geodesic Dome Offerings & Product Range

The portfolio of geodesic domes built by Fulldome India is designed to meet numerous scales, applications, and budgets. The ability to customize size, capacity, and configuration enables the clients to select the appropriate dome to achieve their experiential objectives.

Some of the major product lines of dome products include:

- **Event Domes:** Small to medium-sized domes (2.5 m to approximately 35 m) that are suitable for short-term events, advertising installations, pop-ups, and brand activations.
- **Mega Domes:** Permanent or semi-permanent large-scale domes (between 27m and ultra-large over 80m) that are appropriate to a dome park, immersion attraction, or to marquee events.
- **Dome Parks/Park Systems:** A group of domes (3 to 15 domes) that are operated as an immersive park experience.
- **Turnkey Dome Systems:** Complete turnkey packages that incorporate the structural dome, projection and AV systems, content, and operations support- commercial-ready.

Value Propositions for Indian Clients

Fulldome technology is used to integrate high-accuracy dome construction, projection, and content development so that it becomes a seamless immersion experience.

- **Scalable Experiences:** Fulldome has modular solutions that can be scaled to suit the client's objectives and financial capabilities, whether it is a small brand experience or an entire immersive theatre.
- **Local Support, Global Standards:** Customers enhance India-based pricing programs, local logistics experience, and global standard quality of materials, projection systems, and dome engineering.
- **Business Ecosystem Opportunity:** Fulldome provides opportunities to franchisees or park operators to become immersive entertainment providers through the provision of franchise and [dome park India](#) models.
- **Rapid Implementation & Development:** The systems are designed to deploy easily and can be tailored to projection mapping, VR content, and interactive installations.
- **End-to-End Services:** Fulldome manages all lifecycle services, including content creation and installation, support, and maintenance.

Availability, Pricing, and Contact

FullDome India provides domes for rentals in India with flexible pricing strategies based on the size of the dome, time (rental/ purchase), location, and customization. Their event domes are offered on 1-3 day rentals, and purchase options are offered to clients requiring them permanently.

About FullDome India

FullDome India is a leading immersive dome solutions provider, focusing on geodesic dome buildings equipped with full-dome projection, VR/360-degree, and end-to-end services. Since the company unites temporary event domes with large-scale dome parks and permanent setups, the company is seeking collaborations to bring immersive visual experiences to brands, institutions, and creators throughout India.
