About the Author

Gail McGuire is the author of four books, including *Raised on Freedom: Favored Tales of a Boomer Kid*, *A Matter of Providence: A Novel of Reckoning and Coming of Age in the Great Depression* and two novels in the **Supernatural Suspense Series**. A retired Information Management professional, McGuire's life experiences as a tomboy, mother, grandmother, and adventurer shape the authenticity of her characters and storytelling. Born in Southeast Idaho, she has lived in Seattle, Las Vegas, and Santa Fe, and currently resides in Las Vegas with her family.

What Inspired the Book

Gail McGuire's writing journey began with her debut memoir, *Raised on Freedom: Favored Tales of a Boomer Kid*, a *heartfelt* collection of childhood stories inspired by years of sharing memories with her children and grandchildren. Encouraged by family, friends, and colleagues who admired her gift for storytelling, McGuire turned to writing full-time after retirement and quickly discovered a passion that would lead her into the world of fiction.

Her first novel, *What If I Told You*, set in 1970s Idaho, captured the spirit of an era shaped by feminism, cultural upheaval, and personal transformation. *Remember What I Told You*, the sequel continues that exploration blending the emotional truth of lived experience with supernatural intrigue.

The idea behind the series was born from a deeply personal “what if” moment in McGuire’s own life. As a single mother who worked tirelessly to build a career in the late 1970s, she reflected on how her path might have differed if she had started life with greater stability. That question: *What if I could live the life I might have had?* became the seed for her *Supernatural Suspense Series*.

Through these novels, McGuire examines the intersection of fate, choice, and alternate realities, inviting readers to consider how even the smallest changes in circumstance can alter the course of a life. Blurring the lines between reality and imagination, she transforms a personal reflection into a riveting exploration of human resilience, second chances, and the mysterious forces that shape our destinies.

A Message to Readers

Readers can expect stories that captivate the mind and uplift the spirit. You won’t find profanity or explicit content in these books; instead, they’re grounded in emotional depth and a subtle spiritual essence.

The supernatural elements are not dark or disturbing, but rather thought-provoking and mind-bending more in the realm of time travel and alternate realities than horror.

If you enjoy haunting intrigue, page-turning suspense, and stories where love ultimately triumphs over evil, the *Supernatural Suspense Series* will draw you in and leave you inspired long after the final page.
