

Inspired by the Horseshoe Nail - A New Jewelry Favourite for Horse Lovers

Sydney, New South Wales Oct 22, 2025 ([Issuewire.com](https://www.issuewire.com)) - Crafty Horse unveils the Nail Bangle - a refined interpretation of the traditional horseshoe nail, the small yet essential piece long found in farriers' toolkits and instantly recognisable to those who live and work around horses.

The materials have been kept honest and premium - each bangle is solid 925 sterling silver, available in a bright silver finish or plated in 18K gold. With its clean lines and soft curve, the Nail Bangle feels beautifully refined. The nail head is subtly marked with the Crafty Horse motif - a detail that makes it uniquely ours.

"I haven't invented the nail bangle," says founder Bec Parkin. "But I wanted to create one that felt more wearable, more premium, and truer to the women I meet in the horse world. Its a piece that is practical, elegant and connected to the strength of horses."

Whether worn on its own or layered with other favourites, the Nail Bangle is a celebration of the equestrian life. It joins a growing collection of equestrian jewelry and select horse-inspired pieces at Crafty Horse.

Each piece is presented in a thoughtfully designed jewelry box, with a cotton jewelry polishing cloth and signature Crafty Horse wrapping - a perfect treat for yourself or a beautiful gift for someone else.
