

International Logic Olympiad (ILO) Launches Globally to Inspire the Next Generation of Thinkers

Global online competition for students in Grades 1–10 promotes logical reasoning, creative problem-solving, and global collaboration.

Hyderabad, Telangana Oct 27, 2025 ([IssueWire.com](https://www.issuewire.com)) - The **International Logic Olympiad (ILO)** has officially launched, inviting students from around the world to participate in a unique academic challenge that strengthens logical reasoning, creativity, and problem-solving skills. Designed for accessibility and impact, the Olympiad is **fully online** and open to students in **two divisions** — **Junior (up to Grade 7)** and **Senior (Grades 8–10)**.

Participants complete timed, proctored rounds of engaging logic problems. The **top 20 finalists** advance to a global Final round, where they compete for recognition as some of the world's sharpest young thinkers. The leading students will be awarded cash prizes, medals, and certificates, while educators gain access to classroom-ready reasoning resources and global recognition for their schools.

A celebration of clear thinking and creativity

"Logic transcends language, culture, and curriculum. The Olympiad gives every child a chance to see how beautiful, structured thinking can be," said Anil Palleti, organizer of the International Logic Olympiad (ILO). *"We want to make reasoning as exciting as sports—something every student can enjoy and be proud of."*

How to Participate

Registration is open to schools and independent students worldwide. Teachers and coordinators can share the **ILO flyer** or register directly via the website: <https://logicolympiad.com>. Daily "Problem of the Day" challenges are shared on their WA channel and Instagram [@nrichminds](https://www.instagram.com/nrichminds).

Quick Facts

- **Divisions:** Junior (up to Grade 7) | Senior (Grades 8–10)
- **Format:** Timed, proctored online competition, conducted by a leading UK-company
- **Scope:** Open to students in all countries
- **Date:** First Sunday of April 2026

About the International Logic Olympiad (ILO)

The International Logic Olympiad is a global education initiative that promotes logical reasoning and creativity among young learners. By providing inclusive, technology-enabled access to world-class logic challenges, ILO aims to help students everywhere think more clearly, reason more deeply, and connect across cultures through the shared language of logic.
