

iSupplyHub Launches as UK's Premier Free Business Directory Connecting Suppliers and Buyers

I-Supply Hub is a free UK business directory designed to connect suppliers and buyers across multiple sectors. From construction and logistics to catering, beauty, it helps companies showcase their services, visibility, build trusted B2B connections.

Edmonton, London Oct 4, 2025 ([IssueWire.com](https://www.issuewire.com)) - Today marks the official launch (or renewed push) of **I-Supply Hub** (<https://www.isupplyhub.co.uk/>), a free-to-use, comprehensive business directory designed to bridge the gap between service providers and businesses across the UK.

About I-Supply Hub

I-Supply Hub is an online B2B directory that allows companies across various sectors — including construction, logistics, catering, beauty & salon, estate agents, and more — to list their services and be discovered by potential clients. The platform fosters stronger connections within industries by offering free access to listings, enabling businesses to expand their reach and generate leads.

Key Features & Benefits

- **Free listings & access** — Businesses can sign up at no cost to both list and browse suppliers.
- **Claim your listing** — Existing companies can claim and manage their profile to showcase services, certifications, and portfolio.
- **Sector-specific categories** — From construction and engineering to food logistics and beauty, users can easily filter by industry.
- **Increased visibility** — Suppliers can raise their presence and credibility by appearing in a trusted directory used by UK businesses.
- **Easy discovery** — Buyers or businesses in need of services can quickly find partners by location, category, or specialization.

Quote

“We built I-Supply Hub to simplify the procurement process for UK businesses. Many suppliers struggle to get discovered, and many buyers waste time vetting dozens. Our directory streamlines that match.”

Market Context & Opportunity

In the evolving digital economy, visibility and trust are key currencies. Companies meeting on-demand service or product needs require reliable, searchable platforms. I-Supply Hub positions itself as a dependable intermediary, reducing friction, improving discoverability, and promoting connectivity across industries.

Future Roadmap

Over the next 12 months, I-Supply Hub plans to:

- Introduce premium features (such as promoted listings, featured supplier badges, advanced filters).
- Expand into more sector verticals, e.g. manufacturing, IT services, green energy.
- Integrate reviews and ratings to help buyers evaluate suppliers.
- Launch marketing campaigns and partnerships to drive both supplier and buyer traffic.
