Massachusetts, United States Oct 16, 2025 ([Issuewire.com](https://www.issuewire.com)) - Harwich Port, MA – Lexaco, the Cape Cod-based jewelry brand celebrated for its handcrafted elegance and timeless designs, is proud to announce the release of its latest collection, featuring the [Cape Cod twist ring](#) and the fish Cape Cod bracelet. This collection is inspired by the natural beauty and maritime heritage of Cape Cod, combining artisanal craftsmanship with versatile, wearable luxury.

The Cape Cod twist ring exemplifies Lexaco's commitment to design that is both sophisticated and symbolic. Its elegant twists and curves evoke the fluid movement of ocean waves along the Cape, while its handcrafted finish ensures that each ring is unique. Designed to be worn individually or stacked with other rings, the Cape Cod twist ring offers flexibility for modern styling without compromising the timeless charm that defines Lexaco jewelry.

Complementing the ring, the fish Cape Cod bracelet draws inspiration from the coastal marine life that characterizes the region. Its intricate design captures the playful and graceful forms of fish, rendered in sterling silver and gold tones for lasting elegance. Perfect for layering or wearing solo, the fish Cape Cod bracelet combines maritime storytelling with sophisticated design, making it a standout piece for both casual and formal occasions.

Every piece in this new collection reflects Lexaco's dedication to handcrafted excellence. Artisans meticulously shape, polish, and finish each item, ensuring attention to detail in every curve, link, and setting. The Cape Cod twist ring and fish Cape Cod bracelet are no exceptions; their precision and care highlight the brand's commitment to creating jewelry that is both beautiful and enduring.

Lexaco's designs emphasize versatility. The Cape Cod twist ring can enhance a casual ensemble or complement a formal outfit, while the fish Cape Cod bracelet adds subtle charm and sophistication to any look. Both pieces exemplify the brand's philosophy that jewelry should not only be decorative but also meaningful, connecting the wearer to craftsmanship, heritage, and the natural world.

Ethical sourcing and material quality are central to Lexaco's mission. Each ring and bracelet is crafted using premium metals, including sterling silver and gold, selected for durability and visual appeal. This ensures that every piece—from the delicate twists of the Cape Cod twist ring to the intricate detailing of the [fish Cape Cod bracelet](#)—maintains its beauty over time and can be cherished for years.

In addition to aesthetic appeal, the collection is designed for everyday wear.
