

Little Feet Nursery Sets the Benchmark for Early Childhood Education in Sharjah

Sharjah, United Arab Emirates Nov 3, 2025 ([IssueWire.com](https://www.issuewire.com)) - Little Feet Nursery, a pioneer in early childhood education, continues to stand out as one of the [best nurseries in Sharjah](#), offering an inspiring environment where young learners grow with confidence, creativity, and care. With over **19 years of experience** and more than **4,000 happy graduates**, the nursery has earned its reputation as a trusted name among parents seeking quality early learning for their children.

A Place Where Learning Begins with Joy

At the heart of Little Feet Nursery's philosophy is the belief that every child learns best when they feel happy, secure, and loved. Designed for children aged two to four years, the nursery provides a safe and stimulating atmosphere where curiosity and exploration lead the way.

Through a unique combination of the **Montessori approach** and the **Early Years Foundation Stage (EYFS)** framework, the nursery offers a balanced, play-based curriculum that supports cognitive, emotional, and social development. The goal is to help every child take their first steps toward lifelong learning with confidence and enthusiasm.

Blending Montessori Principles with Modern Learning

What truly sets Little Feet Nursery apart is its innovative learning approach that merges traditional Montessori values with modern teaching techniques. Classrooms are designed to promote independence, self-expression, and problem-solving skills. Every learning activity encourages hands-on discovery allowing children to develop curiosity, creativity, and critical thinking at their own pace.

The teachers at Little Feet Nursery play a pivotal role in this process. Passionate, qualified, and deeply committed, they ensure that each child receives individual attention and encouragement. The nursery's collaborative relationship with parents further strengthens its holistic approach to child development.

Innovation Through a STEAM-Integrated Curriculum

Little Feet Nursery proudly incorporates a **STEAM-integrated curriculum** (Science, Technology, Engineering, Arts, and Mathematics) one of the few nurseries in Sharjah to do so at the preschool level. This forward-thinking approach introduces children to creative and analytical thinking from an early age, helping them connect classroom learning to the world around them.

Each floor of the nursery is equipped with a **dedicated Montessori Lab** and a **spacious indoor play area**, giving children the freedom to explore, experiment, and enjoy active learning. The inclusion of a **speech therapist** ensures that children receive early support in communication and language development, giving them a confident start.

An Inclusive and Nurturing Environment for All

Little Feet Nursery prides itself on being a place where every child feels welcome and valued. The nursery embraces diversity and ensures inclusivity across all aspects of its operations irrespective of race, religion, gender, or nationality.

Parents appreciate the warmth and openness that define the nursery community, where communication between teachers and families is always encouraged. This strong partnership ensures that every child's learning journey is supported both at home and in school.

Continuing a Legacy of Trust and Excellence

With nearly two decades of excellence in early childhood education, [Little Feet Nursery](#) continues to build on its legacy of quality, care, and innovation. Its focus on holistic growth, creative learning, and emotional well-being has made it one of Sharjah's most respected nurseries.

For parents searching for a [Montessori preschool or daycare in Sharjah](#), Little Feet Nursery remains a top choice a place where big dreams begin with small steps.
