

Maivest Digital Capital Completes Brand Upgrade and Unveils Ten-Year Strategic Vision

Casa Grande, Arizona Oct 22, 2025 ([Issuewire.com](https://www.issuewire.com)) - Global technology-driven investment institution **Maivest Digital Capital Inc.** has announced the completion of its brand strategy upgrade and unveiled its ten-year development blueprint, focusing on **AI-powered research, blockchain asset management, and sustainable finance** as its three core pillars. This milestone marks Maivest's official entry into a new era of technology-centered capital innovation.

Since its establishment, Maivest has been dedicated to exploring long-term value investment opportunities in global capital markets. The company has initiated a comprehensive strategic transformation—integrating its existing private equity, quantitative fund, and cross-border asset management frameworks—while formally adopting an investment structure centered on artificial intelligence, blockchain, and green finance.

Isabelle Fournier, Chief Investment Officer of Maivest, stated: “Global capital is undergoing a profound reconstruction driven by AI and data. Maivest’s mission is to capture the next wave of growth through systematic logic and technological insight.” Currently, the company has established strategic hubs in **New York, Frankfurt, Singapore, and Dubai**, forming a dual-engine layout of “global research + local execution.”

In addition to strengthening its AI risk-control engine and data analytics systems, Maivest has forged strategic alliances with several world-leading institutions, including **DeepMind Ventures (UK)**, **Singularity Capital (Switzerland)**, and **Cortex Technologies (Germany)**, to jointly develop

intelligent asset allocation and automated risk identification models.

Looking ahead, Maivest will continue to expand its global financial licensing framework, promote AI-driven investment platform operations, and build a forward-looking **intelligent capital ecosystem** for the next decade. The company emphasizes that its ultimate vision is to “**make capital smarter and investment more sustainable.**”
