

Mercy Medical Advances Access to Federal Healthcare Procurement with 43 Years of Industry Leadership

SDVOSB-certified supplier leverages deep federal experience to streamline medical equipment distribution across government agencies

San Antonio, Texas Oct 16, 2025 ([Issuewire.com](https://www.issuewire.com)) - Mercy Medical Equipment Company, a Service-Disabled Veteran Owned Small Business (SDVOSB), today reaffirms its commitment to simplifying federal procurement of medical devices and equipment. With over 43 years in business—18 of which have focused on federal contracting, Mercy Medical offers unmatched expertise in bridging the gap between manufacturers and governmental buyers.

“As government agencies seek more reliable, compliant, and efficient supply chains for medical equipment, Mercy Medical is uniquely positioned to deliver,” said Mrs Sandra, Mercy Medical. “Our long history, deep federal market knowledge, and dedication to quality give agencies confidence they are working with a partner who understands their needs.”

Key Highlights & Capabilities:

- **Proven Federal Market Expertise:** Mercy has served federal clients across the Veterans Affairs, Department of Defense, and other agencies.
- **Manufacturer Partnership & Growth:** The company partners with medical equipment manufacturers to expand their reach into the federal sector, guiding them through compliance, contracting, and sales enablement.
- **Full-Spectrum Equipment Solutions:** Whether supplying durable medical equipment for veterans’ homes or high-end devices for hospitals, Mercy offers end-to-end sourcing, logistics, and ongoing support.
- **SDVOSB Advantage:** As a certified Service-Disabled Veteran Owned Small Business, Mercy offers procurement advantages and socioeconomic value to government contracts.
- **Customer-Centric Service:** A family-founded business, Mercy emphasizes personalized service, transparent pricing, and responsive client support.

Mercy Medical invites both government buyers and medical equipment manufacturers to explore partnership opportunities. Government agencies seeking reliable procurement channels and manufacturers looking to break into the federal market can contact Mercy Medical to arrange consultations or request catalog information.

About Mercy Medical Equipment Company

Mercy Medical is a Texas-based medical equipment supplier founded in 1980. With over four decades of industry experience and nearly two decades serving the federal marketplace, the company excels in connecting medical manufacturers with government buyers. As a certified SDVOSB and family-owned enterprise, Mercy blends mission-driven values with procurement efficiency.
