Championing Collaborative Inpatient Pharmacy Operations for Patients Receiving Comprehensive Rehabilitation Care in Richmond, Virginia

Richmond, Virginia Oct 14, 2025 ([IssueWire.com](https://www.issuewire.com)) - Michelle Marie Harrison, PharmD, MBA, MS, is a dedicated and highly skilled pharmacist committed to advancing the application of inpatient pharmacy services through interprofessional collaboration, optimized operations, and strategic advancement.

As the Director of Pharmacy and a practicing pharmacist at Sheltering Arms Institute, a nationally-ranked and state-of-the-science inpatient rehabilitation facility, Dr. Harrison promotes best practices in pharmacy services through her leadership in areas such as medication safety, financial stewardship, regulatory compliance, and operational excellence. She collaborates with providers, nurses, and rehabilitation specialists to assist in the overall delivery of comprehensive, personalized care to patients recovering from complex medical conditions.

Her commitment to pharmacy excellence and leadership extends into experiential education, where she serves as Clinical Assistant Professor for the VCU School of Pharmacy, precepting the Hospital Pharmacy Administration elective. She is a long-time member of the Virginia Society of Health-System Pharmacists (2025 Region IV President, 2024: Region IV President-Elect) and its national counterpart, the American Society of Health-System Pharmacists.

Expanding beyond pharmacy, Dr. Harrison applies her passion for education to the realm of voice-over services. As the owner of Mosaic Sounds, LLC, Dr. Harrison has narrated several educational books, such as “Change Management That Sticks” and “The Ultimate Guide to Gut Health for Women Over 50.” She has also had the opportunity to voice a professional commercial for Sheltering Arms Institute.

Dr. Harrison shares that she aims to be a “routinely-collaborative and effective interprofessional contributor within the inpatient healthcare environment.” To her, that means that she is “committed to removing any clinical or operational barriers that might prevent optimal patient outcomes, even if that calls for exploration outside of the pharmacy profession.”
