

MyMediTour Partners with Leading Hospitals and Clinics Across Turkey, Mexico, and Colombia

Strategic partnerships with internationally accredited hospitals and renowned specialists strengthen MyMediTour's position as a global leader in safe, affordable, and high-quality medical tourism.

Vernon Hills, Illinois Nov 10, 2025 ([IssueWire.com](https://www.issuewire.com)) - MyMediTour, a trusted name in **global medical tourism**, has announced new partnerships with top-rated hospitals and specialty clinics across **Turkey, Mexico, and Colombia**. These collaborations will enable patients from the **United States, Canada, the United Kingdom, and the Middle East** to access world-class healthcare abroad—at savings of up to **70%** compared to U.S. prices.

Through these strategic alliances, MyMediTour is expanding its **global healthcare network**, ensuring that patients receive advanced medical procedures from **internationally accredited hospitals, board-certified doctors, and renowned medical specialists** across multiple disciplines.

Expanding Global Access to Quality Care

MyMediTour's partner hospitals include some of the most recognized names in medical excellence, offering comprehensive services in:

- **Cosmetic & Plastic Surgery** (rhinoplasty, facelifts, liposuction, and tummy tucks)
- **Dentistry & Oral Rehabilitation** (full-mouth dental implants, veneers, crowns)
- **Fertility Treatments** (IVF, ICSI, and reproductive health solutions)
- **Orthopedics & Spine Surgery** (knee replacements, spinal fusion, sports injury care)
- **Weight Loss & Bariatric Surgery** (gastric sleeve, gastric bypass, aftercare programs)

These hospitals are **JCI-accredited** (Joint Commission International) or meet equivalent international standards, ensuring **patient safety, transparency, and ethical medical practices**.

A Commitment to Patient Trust and Transparency

"Our goal has always been to make medical tourism safer, simpler, and more transparent for every patient," said **Vanessa Oliveira**, President of MyMediTour.

"By partnering with internationally accredited hospitals and doctors, we ensure that every MyMediTour patient receives the highest standards of care—no matter where they travel."

Each partnership allows MyMediTour to offer **verified treatment packages** that include the procedure, accommodation, airport transfers, and aftercare—all under one clear, all-inclusive package estimate, with clearly stated costs and possible upcharges—with no hidden fees!

Why Turkey, Mexico, and Colombia?

These three countries have rapidly become global hubs for medical tourism, known for their **world-class healthcare systems, skilled surgeons, and competitive pricing**:

- **Turkey:** Known for excellence in cosmetic surgery, hair transplants, and dental procedures.
- **Mexico:** A leading choice for dental work, bariatric surgery, and cosmetic enhancements for North American patients.
- **Colombia:** Gaining recognition for aesthetic medicine, reconstructive surgery, and advanced dental care.

“Each medical tourism destination we work with offers something unique—whether it’s the precision of Turkish surgeons, the proximity of Mexican clinics, or the artistry of Colombian specialists,” added MyMediTour’s President Vanessa Oliveira. *“We connect patients to the best-fit country and hospital based on their medical and travel preferences.”*

A Complete Medical Travel Experience

MyMediTour provides **end-to-end support** that includes:

- **Consultation & Medical Assessment**
- **Doctor & Hospital Matching**
- **Visa and Travel Coordination**
- **Accommodation and Transfers**
- **Aftercare & Follow-Up Support**

With its growing network, MyMediTour continues to empower patients with **freedom of choice, transparent pricing, and access to trusted healthcare abroad**.

About MyMediTour

[MyMediTour](#) is an international medical tourism company connecting patients with world-class hospitals and certified doctors in countries such as Turkey, Mexico, Colombia, Brazil, and Costa Rica.
