

Onyx Coating supports winter season preparation with an exclusive 15% offer for car care installers

Great Neck, New York Oct 2, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Onyx Coating](#), a global leader in premium automotive, marine, and aerospace protection products, today announced a special offer to support car care professionals in preparing for the winter season. The company is offering 15% off its premium car care products exclusively for car care installers, helping them equip car owners in the United States with the ultimate vehicle protection against harsh winter conditions.

Why winter vehicle protection matters

As temperatures drop and road conditions become more challenging, the demand for advanced protection products such as [Paint Protection Films](#) (PPF) and [ceramic coatings](#) rises sharply. By introducing this exclusive discount, Onyx Coating is ensuring its partners can access industry-leading products at lower rates, boosting their margins while delivering unmatched protection to their customers.

"This offer is more than just a seasonal promotion—it's a way for us to stand alongside our partners during a critical time of the year," said Ahmad Madi, International Sales Director at Onyx Coating. "Winter presents unique challenges for car owners, and we want to make sure installers have every advantage to provide the best solutions on the market."

Boosting profitability with premium ceramic coatings and ppf

The special offer also aligns with Onyx Coating's broader mission of supporting growth and profitability for its partners. By empowering new and existing installers with access to premium products at competitive rates, the company reinforces its position as a brand that goes beyond supplying products to actively fueling success in the automotive care industry.

"We are committed to offering the highest level of partner support, and this initiative reflects that commitment," Madi added. "Our confidence in the quality of our products allows us to provide this opportunity, knowing it will deliver value to both installers and the car owners they serve."

Join the Onyx Coating network – now with a limited-time 15% winter prep offer

Car care professionals preparing their customers' vehicles for the harsh winter season are invited to partner with Onyx Coating. To support installers during this crucial period, Onyx Coating is offering a 15% discount on its premium car care products when ordered through the official Onyx Coating website.

This offer gives professionals access to top-performing ceramic coatings, Paint Protection Films, and other premium detailing solutions at a reduced rate—helping them protect vehicles from winter conditions while strengthening their business margins.

For more information about the partnership programs, or to become an official Onyx Coating [car care products distributor](#) or [car care products installer](#), visit the Onyx Coating website at www.onyxcoating.com or contact them directly at info@onyxcoating.com.
