Hyderabad, Telangana Oct 29, 2025 (Issuewire.com) - PeopleLink Unified Communications Pvt. Ltd., a pioneer in video conferencing and collaboration technology, has announced the launch of its latest range of advanced meeting room and remote collaboration solutions. The company's new lineup includes AI-powered 4K video bars, [PTZ cameras](#), and cloud-based [video conferencing platforms](#) that bring enterprise-grade quality to every meeting experience.

"Today's organizations need more than just video connectivity—they need immersive collaboration," said a spokesperson from PeopleLink. "Our mission is to enable smarter communication experiences for businesses, educators, and government sectors globally."

The newly launched solutions are built to meet the evolving needs of [hybrid workplaces](#), offering features like:

- **Crystal-clear 4K video and studio-quality audio**
- **AI framing and speaker tracking** for smart meeting automation
- **Seamless integration** with platforms such as Zoom, Teams, Google Meet, and [InstaVC](#)
- **One-touch connectivity** and plug-and-play installation
- **Customizable meeting room setups** for different organizational needs

PeopleLink continues to lead the way in unified communications, serving thousands of customers across industries, including BFSI, education, healthcare, and enterprise sectors.
