

Real Good Toys Announces New Holiday Dollhouse Miniature Collection Featuring Unique Wooden Designs

The new holiday collection showcases timeless design, precision engineering, and the company's commitment to sustainable production and family-friendly creativity.

Montpelier, Vermont Oct 4, 2025 ([Issuewire.com](https://www.issuewire.com)) - Real Good Toys, a trusted leader in designing and crafting premium wooden dollhouses for over five decades, today announced the release of its **Holiday Dollhouse Collection** and a new line of **eco-friendly wooden dollhouse kits**. The collection combines fine craftsmanship, sustainable materials, and detailed artistry to inspire collectors,

families, and miniature enthusiasts this holiday season.

For over **51 years**, Real Good Toys has set the standard in **high-quality wooden dollhouses and miniature accessories**, offering an extensive range of designs and scales. The brand's portfolio includes **classic 1/12 and 1/24 scale dollhouse kits, miniature kitchens, dollhouse decorations, furniture sets, light kits, stands**, and more. Each kit is expertly engineered with **easy-to-follow instructions, expandable layouts, and protective packaging** to ensure a stress-free and enjoyable building experience for hobbyists of all levels.

Celebrating Craftsmanship and Seasonal Creativity

The 2025 **Holiday Dollhouse Collection** highlights include the [wooden doll houses](#) — a coastal-inspired model reflecting the brand's signature balance of elegance and precision. Complementing this release are new **Halloween Dollhouse Miniatures**, including handcrafted pumpkins and the charming [miniature dollhouse accessories](#), perfect for festive seasonal displays.

Collectors can also explore the [Animal Dollhouse Miniatures Collection](#), designed to add warmth and whimsy to any miniature scene. Each piece captures the brand's attention to fine detail — from **1-inch and ½-inch scale miniatures** to **electrification kits, turntables, and finishing accessories**, Real Good Toys continues to provide everything needed to create and personalize a miniature home.

Commitment to Sustainability and Quality

The introduction of **eco-friendly wooden dollhouse kits** underscores Real Good Toys' commitment to sustainable design and responsible manufacturing. Each structure is made using **responsibly sourced wood** and produced with techniques that minimize material waste while preserving the durability and precision that define the brand.

A company representative stated, *"Our goal is to create heirloom-quality designs that connect generations through craftsmanship and creativity. This new holiday collection embodies both our heritage and our commitment to sustainability."*
