

ROSHI Launches One-Click Rewards Dashboard for Singapore Borrowers

New Consumer Lending Rewards Tab Simplifies Cashback and Voucher Claims, Putting Customers in Control of Their Rewards

Singapore, Singapore Oct 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - ROSHI, a popular loan marketplace in Singapore, today launched its new Rewards Tab, enabling customers to track and claim cashback rewards and grocery vouchers with one click.

The feature addresses a common problem in lending: borrowers often fail to claim earned rewards due to complicated processes and unclear terms.

"Too many borrowers never claim what they've earned. Rewards get lost in emails, terms feel complicated and the process takes too much time," said Said Betmurzaev, CTO at ROSHI. "This one took a bit longer than planned, but we're happy we finally deployed it."

The new Rewards Tab displays all benefits in one unified dashboard, including grocery vouchers and cashback tracking from 0.50% to 1%. Customers can see exactly what they're eligible for and redeem with a single click.

"By keeping our operations lean, we pass the savings directly to our customers," added Amir Nada, CEO at [ROSHI](https://www.roshee.com). "Whether they're comparing options across 40+ banks and lenders or tracking their cashback journey, we're committed to making borrowing more accessible."

ROSHI connects borrowers to over 40 banks and licensed lenders through a single Singpass application, enabling customers to compare personal loan, business loan and mortgage options and find the best rates in 30 seconds.

The new Rewards Tab is now live and available to all ROSHI customers.
