SafetyMastery

The advertisement features a circular diagram with 12 segments representing different safety disciplines: Govt. Diploma's, Offshore Safety, Electrical Safety, Industrial Safety, Construction Safety, Fire Safety, Environmental Safety, Occupational Health Safety, Petro-Chemical Process Safety, Chemical Plant Processing Safety, Power Plant Safety, and Oil and Safety. Each segment is color-coded and contains text describing the specific safety focus.

Chennai, Tamil Nadu Oct 24, 2025 ([Issuewire.com](https://www.issuewire.com)) - [SafetyMastery](https://www.safetymastery.com), a global leader in professional health and safety training, has officially partnered with the **European Safety Council (ESC)** to introduce the **International Diploma in Occupational Health and Safety**. This strategic collaboration is set to redefine safety education standards by delivering globally recognized qualifications for professionals seeking to advance their careers in safety management.

A Global Collaboration for Safety Excellence

Through this partnership, SafetyMastery becomes an authorized training provider for the **ESC International Diploma**, offering learners the opportunity to gain **internationally accredited certifications** that align with global safety regulations and best practices. The program is designed to equip professionals with in-depth knowledge, leadership skills, and the confidence to manage workplace risks effectively across industries such as **oil & gas, construction, manufacturing, and logistics**.

Comprehensive, Career-Focused Learning

The **ESC International Diploma in Safety** provides a balanced combination of theoretical frameworks and practical training. The course covers advanced safety management systems, occupational health, risk control, and compliance standards, preparing learners to take on leadership roles in workplace safety.

Graduates of this program also gain eligibility pathways toward **BCSP-recognized certifications** such as **TSP, ASP, and CSP**, further strengthening their global career potential.

Leadership Statements

“We are thrilled to collaborate with the European Safety Council to make globally recognized safety education more accessible to professionals in India and beyond,” said **[Founder/Director Name]**, Founder and CEO of SafetyMastery.

“This partnership aligns perfectly with our vision to empower learners with international qualifications that enhance their career growth and contribute to safer workplaces worldwide.”

A spokesperson from the **European Safety Council (ESC)** added:

“SafetyMastery has shown exceptional commitment to delivering quality training. We’re excited to join hands with them to expand access to the ESC International Diploma for aspiring safety professionals.”

About SafetyMastery
