

Seraphina's Shadow Triston Anderson

liverpool, UK Nov 3, 2025 ([IssueWire.com](https://www.issuewire.com)) - Seraphina, our protagonist, is less damsel, more darkly comedic anti-heroine. She's armed with a biting wit, a healthy dose of skepticism, and the unfortunate ability to see the shadows of people's darkest desires – a gift that's about as useful as a chocolate teapot in a hurricane. Lucian, our handsome, arrogant school president, is everything Seraphina despises...and everything she inexplicably finds herself drawn to. Their relationship is a chaotic dance between simmering resentment, reluctant admiration, and a slow-burn romance that's as volatile as a dragon's sneeze. Together they'll delve into a world where the lines between light and dark blur, friendships crumble, and trust is a luxury they can barely afford.

This story is for those who want to be hooked into a story that goes beyond themes of light and dark and leaves you questioning who you really are. If you want a story that goes far beyond basic relationships and fantasy then you are in the right place.
