

SPXCommerce Sets Benchmark in AI eCommerce Innovation with Business Connect India Award 2024-25

The award recognizes SPXCommerce's groundbreaking composable platform, leveraging AI to deliver unparalleled speed, personalization, and efficiency for enterprises.

Noida, Uttar Pradesh Oct 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - SPXCommerce, a pioneer in digital commerce solutions, has been honored with the prestigious Business Connect India Award for 2024-25, recognizing its outstanding contributions to AI eCommerce innovation. This award celebrates SPXCommerce's relentless commitment to redefining the online retail space through its AI-driven composable commerce platform.

Business Connect India, a leading platform for business insights and recognition, selected SPXCommerce for its revolutionary approach to solving complex eCommerce challenges. The award highlights the platform's unique architecture. It's a cloud-native system built on microservices and the unparalleled scalability of AWS.

SPXCommerce's platform is distinguished by its comprehensive AI-driven eCommerce suite, which includes intelligent analytics, Agentic AI, and features designed to drastically minimize cart abandonment rates. The platform streamlines operations with a 2-minute rapid vendor onboarding process, a sophisticated Product Information Management (PIM) system, a robust Order Management System (OMS), and intuitive Business Intelligence (BI) dashboards.

“SPXCommerce's victory is a testament to their forward-thinking vision,” said a spokesperson for the Business Connect India Awards jury. Their platform's ability to offer AI-powered analytics and provide actionable insights across diverse sectors is genuinely transformative. They are empowering businesses to build future-proof digital ecosystems.”

The platform's impact is felt across a wide range of industries, with features like:

- **Global-Ready Commerce:** Multi-lingual, multi-currency, compliance-ready platform.
- **Seamless Integrations:** Easily connect with ERP, POS, and CRM systems.
- **Enterprise-Grade Security:** 2-second load times and robust protection.
- **Omnichannel Experiences:** Native mobile apps and multivendor marketplace support.
- **SPXBI Dashboards:** This offers real-time insights, tracking, and predictions.

“We are incredibly proud to receive the [Business Connect India Award](#),” said Vikash Sharma, the CEO of SPXCommerce. “This recognition validates our mission to equip businesses with the most powerful and flexible tools to thrive in the digital-first era. Our microservice-based architecture, combined with a potent AI core, ensures businesses exceed consumer expectations for speed, personalization, and reliability.”

SPXCommerce continues to push the boundaries of what's possible in eCommerce, helping businesses build dynamic, scalable, and highly personalized shopping experiences that drive growth and customer loyalty.
