

SRM Ramapuram Professors Visited Poland and Sweden Under Prestigious Faculty Abroad Programme by MIT Square, London

Warsaw, Poland Oct 10, 2025 ([Issuewire.com](https://www.issuewire.com)) - Four distinguished professors from SRM Institute of Science and Technology, Ramapuram Campus, India, visited Poland and Sweden as part of the Faculty Abroad Programme - Post Doctoral fellowship, initiated and coordinated by [MIT Square](https://www.mit-square.com), London. The visit represented a significant step towards strengthening global research and innovation collaborations between Indian academia and European institutions.

Dr. Ramya Ganesan, Dr. Roopa Muralidhar, Dr. Padmavathi Baskaran, and Dr. Shunmugathammal Muthusamy are pursuing their Post Doctoral Fellowship at Casimir Pulaski Radom University, Poland, guided and supervised by Dr. Hab. Eng. Jerzy Ryszard Szymanski, Dr. Marta Zurek-Mortka, and Dr. Mithileysh Sathiyarayanan. The researchers are engaged in advanced interdisciplinary research, collaborative teaching, and strategic innovation discussions. The researchers were welcomed by Prof. Dr. Hab. Tomasz Maciej Perzyński, Dean of the Faculty of Transport, Electrical Engineering and Computer Sciences. During their visit, they also participated in academic networking sessions and

institutional visits in Sweden, aimed at fostering partnerships in science, engineering, and sustainable innovation.

The Faculty Abroad Programme, led by MIT Square, was designed to empower Indian educators and researchers through international exposure, skill enhancement, and global collaboration. It provided a platform for knowledge exchange and academic mobility between Europe and Asia, aligning with the United Nations' Sustainable Development Goals (SDGs) in higher education and research.

Speaking on the initiative, Dr. Mithileysh Sathiyarayanan, Scientist and CEO of MIT Square, London, emphasized:

“This programme exemplifies our commitment to creating meaningful academic bridges between nations. By enabling Indian faculty members to experience European research environments, we are not only advancing their professional development but also promoting innovation-driven global education.”

The visit included collaborative meetings with university officials, research center tours, and participation in European academic exhibitions focusing on emerging technologies, sustainability, and innovation-led teaching.

This milestone reflected MIT Square's continued effort in driving global academic partnerships, faculty development, and cross-border research excellence.
