

## Tech-talent Hiring Platform, Atalef, by Filuet Tech now available on Microsoft Azure Marketplace

**Limassol, Cyprus Oct 28, 2025 (IssueWire.com)** - [Filuet Tech](#) today announced the availability of Atalef in the [Microsoft Azure Marketplace](#), an online store providing applications and services for use on Azure. Filuet Tech customers can now take advantage of the productive and trusted Azure cloud platform, with streamlined deployment and management.

Filuet Tech is a global solutions provider across e-commerce, logistics, and HR technology. Building on that expertise, [Atalef](#), part of Filuet Tech's HR technology portfolio, helps HR and Talent Acquisition teams hire technical roles. It does so by bringing skills evidence into early screening to improve screen-to-on-site pass-through and reduce time-to-fill. The approach is **CV-free and skills-first**. Instead, the platform's **DeepMatch™ algorithm** maps role requirements to validated, job-relevant work samples and signals, producing calibrated shortlists for recruiters and hiring managers. The hiring platform connects to existing HR systems via standard APIs, where available, allowing teams to accelerate decisions and cut unnecessary interview rounds.

"We don't ask teams to rip out their stack," said [Pavlos Charalambides](#), Global Ambassador at Atalef. "Atalef plugs into the systems they already use, validates skills early, and delivers shortlists managers can trust, so fewer irrelevant profiles reach interviews and good candidates don't slip through."

Jake Zborowski, General Manager, Microsoft Azure Platform at Microsoft Corp., said, "We welcome Atalef to Azure Marketplace, where global customers can find, try, and buy from among thousands of partner solutions. Thanks to trusted partners like Filuet Tech, Azure Marketplace is part of a cloud marketplace landscape offering flexibility and economic value while transacting tens of billions of dollars a year in revenues."

The Azure Marketplace is an online market for buying and selling cloud solutions certified to run on Azure. The Azure Marketplace helps connect companies seeking innovative, cloud-based solutions with partners who have developed solutions that are ready to use.

### About Filuet

Filuet is a global solutions provider that helps companies enter and scale in new markets, with services spanning e-commerce, fulfillment and logistics, accounting and finance, legal, and HR & hiring.

### About Atalef

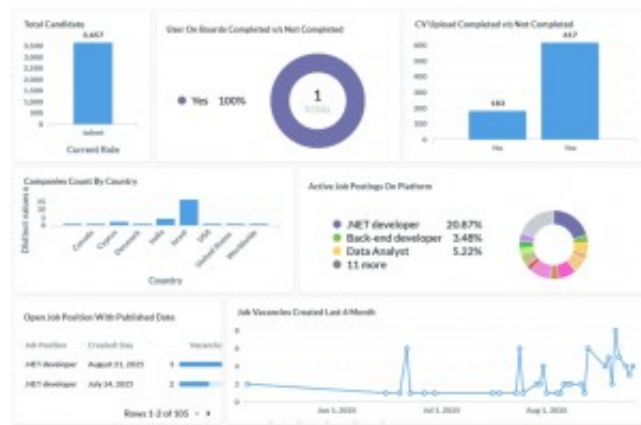

Atalef is a hiring platform developed by Filuet Tech for HR and Talent Acquisition teams operating in the technology talent sourcing niche. It uses skills evidence and role-specific work-sample assessments (DeepMatch™) to produce calibrated shortlists and connects to existing ATS/HRIS via standard APIs.
