

Twि\$т Is the Future Sound of Alt-Rap

At just 18, Twи\$т is already building a cult following with his genreless mix of chaos, melody, and truth.

Detroit, Michigan Oct 22, 2025 ([IssueWire.com](https://www.IssueWire.com)) - 18-year-old Michigan artist **Twи\$т** (also known as **triple6twist**) is redefining what today's underground rap sounds like. Blending punk, emo, goth, and trap with raw emotion and real stories, Twи\$т's music cuts through every genre line with energy that feels both dangerous and honest.

His newest wave of releases — including “**FIRST EMO GANGSTA**,” “**TOMB**,” and “**BAPHOMET**” — captures the essence of his style: dark, experimental, and entirely his own. Every track sounds different,

yet every one feels like Twi\$t — a reflection of chaos, pain, and growth turned into art.

“I don’t want to fit in a genre, ” Twi\$t says. “I just make whatever feels real at the time. If it’s heavy, emotional, or wild — that’s me. Every track is a snapshot of where my head’s at.”

Born and raised in Michigan, Twi\$t started writing music in fifth grade and dropped his first official track, *STARLIGHT*, at 16. Since then, he’s built a loyal underground following, already surpassing **100,000 streams** and **3,000 monthly listeners** — all without a label, show, music video, or management team. His sound blurs lines between punk rebellion and trap aggression, creating something completely new.

With each release, Twi\$t proves that his generation isn’t afraid to be vulnerable, loud, or different. He’s not following trends — he’s building a movement for the misfits and outsiders shaping tomorrow’s sound.
