

UK-based GSFEN Business School empowers purpose-driven leaders for global impact.

Manchester, United Kingdom Oct 28, 2025 ([Issuewire.com](https://www.issuewire.com)) - GSFEN Business School Ltd, the academic arm of the Global Socio-Economic and Financial Evolution Network (GSFEN Worldwide Ltd), today officially announces its launch as a ceremonial and legacy-driven business education institution.

Headquartered in the UK, the school is dedicated to cultivating visionary leaders equipped to drive sustainable development, financial liberty, and humanitarian transformation worldwide. Founded by Professor Dr. Prince Blessing Lawal, GSFEN Business School is designed to offer an education that blends academic substance with symbolic prestige for those seeking to create lasting, global impact. Its curriculum is firmly rooted in the principles of ethical enterprise, global equity, and alignment with the UN Sustainable Development Goals (SDGs). "This is not just a school; it is a sanctuary for legacy architects," said Professor Dr. Prince Blessing Lawal. "We were founded to answer a global call—to equip leaders who will not only navigate systems, but redesign them. We honour achievement not with routine certificates, but with ceremonial gravitas, ensuring every graduate becomes a catalyst for global socio-economic evolution".

GSFEN Business School is uniquely positioned to address the evolving needs of the modern business sector by focusing on integrity, conscience, and purpose-driven innovation. Its programs, such as the Postgraduate Diploma in Business Administration (PGDBA), offer strategic tools for career and institutional elevation, alongside ceremonial recognition.
